A Man Named On Welfare Commission
 SACRAMENTO, Sept. 9.—Governor Stephens last night announced the appointment of Harry W. Lewis of Los Angeles, as a member of the Industrial Welfare Commission, to succeed the late Alexander Gold. Lewis has been in the clothing and manufacturing clothing business for many years.

BUFFALO WINS MEET.
 CHARLESTON, W. Va., Sept. 9.—Buffalo, N. Y., was chosen as the meeting place for next year's convention of the United National Association of Pastors Clerks. Among those elected was John C. Thompson, Los Angeles, second vice president.

ACTIVITIES WOMEN

Bevy of Young Girls to Be in Bridal Party

Miss Alice Pratt, whose marriage to Lieutenant Francis Bullen, U. S. N., is to take place Wednesday afternoon, September 22, at 5:30 o'clock, at the Henry Arthur Pratt home in Piedmont, will be the motif for a bridge party at which Miss Roberta Berry of Benvenue avenue will be hostess Thursday, September 15. The preceding afternoon Miss Pratt's godmother, Mrs. A. C. Cartenshaw of San Francisco, will give a luncheon at the Woman's Athletic Club.

Miss Pratt has named her bridal attendants. They are Mrs. Salem Camillo Pohlman, and the Misses Lora Pratt, Virginia Crane, Roberta Berry, and Elizabeth Moore. Miss Jane Pratt will be flower maiden for her sister.

Miss Doris Redolph is expected home next Tuesday from Southern California, where she motored with her parents to visit in Santa Barbara.

Members of the Garden club were entertained last Sunday at the home of Mrs. Wallace Alexander in Piedmont, and several score of the hillside folk and Claremont residents were interested in the affair.

AFFAIRS FOR FRANK STRINGHAMS.

The Frank Stringhams are to be seen at a merry round of parties before their departure for Europe on the 22nd. Next Wednesday Mr. and Mrs. Harry East Miller will entertain for them, and the preceding day the Edward von Adelings. Thursday, September 15, Mrs. Frank Glass is to be hostess, and on Friday afternoon Mrs. Eunice McDuffie will give a luncheon for Mrs. Stringham. Friday evening Mr. and Mrs. Oscar Sutor will be dinner hosts.

Miss Elizabeth Bliss will give a dancing party October 14 in honor of Miss Laura Miller and John Knox. Invitations will be sent out within the fortnight.

MISS COX TO WED S. C. MERRIAM.

One of the most interesting announcements of the season is that of the betrothal of Miss Catherine Virginia Cox, daughter of Mr. and Mrs. Edwin B. Cox of Elma street, and Lawrence Campbell Merriam, son of Dr. and Mrs. John C. Merriam. The announcement was made at an exclusively appointed dinner given by Miss Cox at her home, and planned in compliment to Miss Edwina Robie of Auburn, a house guest of the hostess, and as a farewell to Miss John C. Merriam, who is returning to her home in Washington, D. C. The Cox home was delightfully decorated for the occasion, pink and blue being the predominating color notes. Specially plucked hollyhocks and delicate greenery formed an effective background for the receiving party, who baskets of choice blooms completed the arrangement.

MISS TIMIA SHAMP, who has arrived in Paris, where she will study designing under noted teachers. Miss Shamp will also visit friends in Brussels.—Barrett Studio.

The pleasant surprise was divulged when the guests were presented with daintily engraved betrothal cards by little Miss Roberta Rinder. A tiny cluster of myrtle blossom, the bride's flower of ancient times, secured to the cards by a bow of satin and tulle, added a pretty touch of sentiment to the affair.

Assisting the hostess, her mother, Mrs. Cox, and the honor guests in receiving were the Mesdames James R. Little, Thomas Edwin Moore, Benjamin O. Griffiths and the Misses Helen Allan, Constance Montegale, Harriet Rinder, Elizabeth Garden, Dorothea Blair and Myrtle Glenn. Mrs. William E. Boyer, accompanied by Mrs. P. V. Allanson, sang a group of songs.

Presiding at the tea table were the Mesdames Ralph Waldo Trine, William A. Hammond, James C. Crawford and Miss Florence Stull.

Coming of families prominent in business and social circles, Miss Cox and her fiancé are also important figures in the younger smart set. They are graduates of the university with the class of 1920, and have

taken an active part in campus affairs.

The bride-to-be is a member of the Triumphant women's honor society, and is affiliated with the Alpha Omicron Pi sorority. She took a leading part in the Senior Extravaganza and Parklands of last year, and had the distinction of being elected vice-president of the 1920 class.

Dr. and Mrs. Merriam formerly resided in Berkeley, departing a year ago for Washington, D. C., when Dr. Merriam was appointed president of the Carnegie Institute. Their son, who is a grandson of Mr. and Mrs. James E. Little of Berkeley, is a member of the Delta Upsilon fraternity and of the Alpha Zeta honor society. He is a forestry engineer, engaged in business in the southern part of the state.

The wedding of this interesting couple will be an event of the coming year.

MISS SHAMP ARRIVES IN PARIS.

Friends of Miss Timia Shamp received word of her arrival in Paris last week. Miss Shamp has gone abroad to take up her studies in designing, studying with one of the well-known artists. Recently Miss Shamp visited Mrs. Edward B. Anthony, Jr., who is now in Brussels studying music. Both were schoolmates when residing in Alameda.

Cards have been received for the wedding of Miss Louise Kerr of Piedmont and Lieutenant James Cumbebranch of Hilgard avenue. The service will be read at 8 o'clock Saturday evening. The couple are to be married at the home of Mrs. A. P. May in Piedmont, kinsfolk of the bride. Intimate friends will be present. Both attended the University of California.

BRIDE-ELECT GOES TO SOUTHERN CALIFORNIA.

Miss Catherine Moore, bride-elect, left Wednesday evening for Los Angeles to meet her cousin, William Cullender, and after a few days' stay

Brothers Are Grooms In Double Wedding

School day romances culminated in a double wedding in Fruitvale Congregational church last evening when Bert D. Alton claimed Miss Thekla Junker as his bride, and Willard B. Alton was wed to Miss Margaret Stiles. Mr. and Mrs. Bert Alton are honeymooning in southern California. Mr. and Mrs. Willard Alton have gone to the north. Within a fortnight both couples will return to establish their homes here. The brothers are both advertising men.

The marriage ceremonies were read by Rev. Charles F. Clarke, pastor of the church. Attendants upon both brides were Mrs. E. P. Schaegelein, as matron of honor, and Miss Ruth Savage as maid of honor. E. P. Schaegelein and Vernon Stiles were the best men.

with relatives will continue to Phoenix, Arizona, to join her sister, Mrs. C. P. Woodbury. There she will meet her brother, Earl Milton Moore, who is en route west by motor from Pittsburg, Pa. The two will motor back to the bay region. Miss Moore will be away for a month or more.

SUB-DEBUTANTE SETS ARE GUESTS.

Miss Thelma Scott entertained at a bridge luncheon Wednesday, complimenting Miss Suzanne Keating and Miss Florence Boardman, who is leaving for the East to attend Miss Wright's. Among the guests were the Misses Suzanne Keating, Florence Boardman, Harriet Walker, Eleanor Fitzgerald, Francis Parkinson, Betsy Taff, Lora Pratt, Elizabeth Howard, Elizabeth Parkinson, Kitty Belle Longboth Crane, Barbara Bratt and Marjory Walker.

MISS Juliette Levy of Oakland is

a guest at the Hotel Alexandria, Los Angeles, while on a visit south. Miss Levy was entertained at a tea given in her honor at the Alexandria yesterday afternoon.

IOWA PRONE MAGNATE DIES.
 SIOUX CITY, Iowa, Sept. 9.—Howard Spencer Baker, president and general manager of the Sioux City Telephone company and an active worker in the business life of Sioux City for the last 35 years, died in a hospital yesterday afternoon. Death, which was due to a complication of bronchial pneumonia and neuralgia of the heart, followed an illness of twelve days. He was 60 years old.

**Woman Scores 77
 Bullseyes At 1000 Yds.**
 CAMP PERRY, O., Sept. 9.—Mrs. E. C. Crossman, wife of Captain E. C. Crossman of Los Angeles, today established a record for women on the 900-yard rifle range. She made 77 consecutive bull's-eyes.

The Swedish government requires employees to obtain industrial accident insurance.

A new version of the redingote

Brown plush, girdled and faced with ermine over a lace gown—this is one of the hundred-and-one new Autumn modeshown in the September Harper's Bazar.

How do you make sure that the clothes you choose are unusual, charming and beautifully designed?

There is one way of making absolutely sure; let Harper's Bazar be your friendly guide.

An ill-chosen wardrobe is a tragedy. Avoid it. Play your Autumn clothes with the help of

The September
**Harper's
 Bazar**

You'll like Upright's "opening" because

it's really a "showing." That is, the styles are such as women want to WEAR, not just to LOOK AT. They're practical—as are all the fashions at Upright's. DIFFERENT, though not extreme. STYLISH, and yet serviceable. INEXPENSIVE, but of good quality. Come and see if you don't agree.

Hats that bring out your beauty

"It's the hat that makes a woman attractive." And it's Upright's hats that emphasize and accentuate your good points. Here are hats that make the most of your eyes, your hair, your complexion, your type. (\$4.95 to \$18.50.)

"It's the little things that count"

Says the old adage: "People judge a woman by her gloves." So do they, too, by such accessories as her neckwear and jewelry. And, oh! how much by her hosiery. Women who shop at Upright's have the pleasing feeling of being well dressed for all occasions. (We carry Not-a-same guaranteed hosiery.)

2500 coats at \$15 to \$145.00

Surely, from such an array you can choose just the coat you have in mind. (Children's coats, in the Annex, are priced from \$6.95 up to \$22.50.)

When it comes to suits and dresses

Why pay a big price for a suit when Upright's have really handsome ones as low as \$29.50 (velour, fur trimmed)? As for dresses, we can please you in silks from \$25, in serges from \$10, in satins and dressy crepes from \$25 up. Hundreds to choose from. And all altered by experts. (Third Floor.)

As for waists, petticoats, and such

Visit Upright's Annex (Third Floor) and you'll see dozens of lovely blouses you'll want. Petticoats have never been prettier. Sweaters, too. See them.

"Her underwear marks the lady fair"

—so sings the poet (was it Shakespeare?). No doubt the lady bought the underwear at Upright's, where "fair" prices prevail on all varieties.

You can dress better for less

Shop at Upright's where you get more and prettier clothes for your money.

Your corset should be a "C. B." if you want comfort and style at a small price. (\$1.50 up. Annex.) Filled by experts.

 Oakland's Premier Millinery Shop

SENTENCE COMMUTED.

WASHINGTON, Sept. 9.—President Harding has commuted to life imprisonment the death sentence imposed by military court martial at Manila on Private Leitch Wylie, the war department announced yesterday. Wylie was convicted of murder in connection with the death of Private Foster Lillard of the Ninth cavalry, at a Philippine post January 18.

All skins from India have been treated with salt in curing.

S. F. GIRL GETS REQUEST.

SOUTH NORWALK, Conn., Sept. 9.—Cornell University will probably receive about two million dollars under the will of the late John McMullen, president of the Atlantic Gulf and Pacific Dredging company, filed for probate. Mrs. Laura A. Hughes of this city and San Francisco, a niece, is left an annual income of \$5000, and the home of Mr. McMullen on Judah island here, valued at \$125,000. Relatives in California and here are also remembered.

Mothers to Have Busy Day Next Monday

By EDNA B. KINARD.
All day is none too long for the Berkeley Federation of Mothers' clubs to take on Monday to properly launch the season's work. Calls have gone forth to the women who have a seat in the organization to come fully prepared with a basket of luncheon, that time may not be lost in dispersal for the noon time meal. Once a month the important occasion is to be repeated throughout the year to the end that a unified and progressive program may be put successfully across.

The auditorium of the Thousands Oak school will afford accommodations to the Monday conference. The board of directors will gather at 10 a. m. in executive session, preliminary to the larger meeting in which department chairmen, president, and local associations and delegates will have a prominent part. Some important questions are before the Berkeley Federation which are expected to be acted upon next week. For the later hours a program on which a speaker will be introduced is arranged.

Active endorsement of the hospital plans of Mrs. Bessie Wood Gustafson, chairman of civics for Alameda district, C. E. W. C., was given yesterday by Glenview club at the meeting which inaugurated the year's work. The woman who is a stranger within the city will receive the courtesy of Glenview's hospitality whenever a meeting day affords her opportunity. It is Mrs. Gustafson's method of boosting her own city. Glenview club is adopting it.

Chairmen of departments and committees were appointed at the business session yesterday. Mrs. H. J. Platts, president, who has been spending the past several months in her summer home on the Russian river, returned to town Wednesday morning to preside over the opening meeting of the season.

To enroll every mother whose son or daughter is a student in Oakland Technical high school, and to claim the co-operation of mother and father alike in a student welfare campaign, is the goal of Oakland Technical High School Parent-Teacher association this season. The inaugural meeting is announced for Monday afternoon in the Broadway school with a cordial welcome extended to all students' mothers to attend. Organization of committees for the year, adoption of the program of work and other matters incident to the formal beginning of a new epoch will be accomplished.

All mothers in the neighborhood are invited to the first meeting of the Lincoln School Parent-Teacher association of South Berkeley in the school auditorium on Tuesday afternoon. A business meeting which will indicate the line of work which the association will follow during the coming months is announced.

A luncheon, the first since the opening of the fall semester, will assemble the large membership of the Washington School Parents-Teachers association on Tuesday in the school cafeteria. A business meeting will follow.

The seventh B grade of the school won the luncheon which the club offered the class contributing the largest number of mothers to the membership roll for the year ending June, 1921. A beautifully appointed function paid the debt. Plans for the new season's effort were outlined in a business meeting held this week at the residence of the president, Mrs. Virgil Evans. They will be presented to the general membership on Tuesday.

JAPANESE LEAD IN STATE BIRTH RATE

SACRAMENTO, Sept. 9.—Birth rate statistics made public yesterday by E. Ross, of the State Bureau of Vital Statistics, disclosed that the Japanese birth rate in California during the first six months of 1921 was four times as great as that of whites.

The Japanese rate was 69.4 for every 1,000 inhabitants, while the white rate averaged 18.1, Ross reported.

By races the record of births is as follows:

Race	Total Births	Rate per 1,000
Japanese	2,660	69.4
Chinese	266	19.2
White	30,971	18.1
Negroes	346	16.7
Indians	14	16.7
Other races	14	4.9

Thirty-one out of fifty-eight counties in the state show an increase in the birth rate for the first six months of the year. San Francisco and Sacramento counties are among those which show a loss. San Francisco's rate for the first half of the year is 16.6, compared to 17.4 in 1920.

The total number of births registered for the first half of the year is 31,354. The records show there were more boy babies born during the first half of the year than girls, the ratio being 104.8 males to every 100 females.

The birth rate of the ten highest counties follows:

Yuba, 26.7; Orange, 25; Fresno, 24.8; Monterey, 23.4; San Bernardino, 23.3; San Benito, 23.2; Sacramento, 23.1; San Joaquin, 22.9; Inyo, 22.7; San Luis Obispo, 22.6.

Anarchy Reported in Yucatan Peninsula

MEXICO CITY, Sept. 9.—Disquieting reports of "anarchistic" conditions in the state of Yucatan continue to arrive here, and further sanguinary clashes between radicals and conservatives are feared.

A second committee of Yucatan journalists has arrived here to present a memorial to President Obregon, asking that guarantees be given that federal forces be augmented immediately in order to prevent a situation which is described as serious from becoming more threatening.

Singing Motorman Is Boost for Business

NEW YORK, Sept. 7.—New York has a singing motorman. He is Leo Marks, once a member of George Primrose's minstrels. He runs a surface car up and down Seventh avenue, and, whenever the traffic clears and things are rolling merrily, he bursts into song. His passengers often ride blocks beyond their destination for the pleasure of hearing him, and the traffic cops are always looking for his car. Once in a while an officious inspector reports him, but Leo goes on singing. It's old-time favorites that he sings. Leo explained he had left the stage because motoring was a good steady job for the year round, with something definite in the pay envelope the end of every week.

165 ARRESTED IN NEW VICE RAIDS IN LOS ANGELES

LOS ANGELES, Sept. 9.—Another series of vice raids was conducted by the police early today and fifty-three men and women were arrested on charges of violating the city's moral laws. The raids were conducted in Chinatown, at various downtown rooming houses and hotels, and the prisoners held for violation of liquor ordinances, vagrancy and visiting alleged lottery establishments. Today's raids bring the total number of arrests in similar raids this week to 165. Dairy products of California in 1920 were valued at \$85,152,000.

Storks Are Numerous In Turkish Center

ANGORA, Sept. 9.—The stork is the most conspicuous object in this city, the capital of Nationalist Turkey. There are storks perched on every housetop. One solemn huge pair has its nest built on the stately column erected long ago, under the Romans, to honor the Emperor Augustus. Others have their nests on the roof of the Parliament building. Several huge pairs inhabit the roof of the Hotel Huriet (Liberty). Small boys do not throw stones at them, nor do the men shoot them. The storks are supposed to make trips to Arabia, to Medina and the holy city of Mecca. The Turkish superstition about the stork is that if seen carrying red wheels or grass

in its flight, this is a sign of death to the beholder and of long life if the grass is green. A stork is a paradise for birds. The Turks never shoot them, nor destroy their nests. The little boy who slingshot is spanked; if found doing them mischief, hence they flourish in abundance, with their enemies the eagle and the magpie.

SON OF BANKER NEAR DEATH FROM MYSTERY ATTACK

Walter Seligman of New York Beaten by Unidentified Foe Kept in Hospital.

NEW YORK, Sept. 1.—Walter Seligman, son of Henry Seligman, noted banker, according to a morning paper, has been close to death for several days as a result of mysterious injuries and is still in a precarious condition, it is said, at the Seligman summer home at Elberton, N. J.

Just how young Seligman was injured has been puzzling his friends. All they know is that he was the victim of an attack following a dinner party one week ago Tuesday. Some of the details, it is said, were disclosed by Mrs. Mabel M. Bach of 42 East Sixty-sixth street. She said Seligman was injured after he returned with her, Tom Johnson and others from a party at Roslyn, Long Island.

Tom Johnson is the son of Albert L. Johnson, brother of the late Tom Johnson, who was mayor of Cleveland. His brother, Albert L. Johnson, Jr., more than a year ago married Peggy Marsh, actress.

The paper quotes Mrs. Bach as having said last night: "One thing you may say is that the affair did not take place in this house. Mr. Johnson, Mr. Seligman, Mr. Tucker and a young lady friend of mine were out to dinner at Roslyn. While we were dining Mr. Johnson asked me to dance with him, and I did."

This was last Tuesday night. On our return home we bade the young men goodnight. I had just reached my apartment, when I heard a terrible scuffle in the street. My lady friend and myself immediately called the elevator and went to the street.

There we found Mr. Seligman in a very bad condition. He could hardly speak, and it was apparent he was badly injured. I called a doctor and rushed Mr. Seligman over to the Elberton hospital."

Henry Seligman is reported to have admitted that the young man had been a victim of an assault, but said there would be no prosecution.

MINISTERS GET JOBS. LONDON, Sept. 1.—Collections have become so small in Cheshire churches that the ministers have had to get outside work. One has opened a vegetable stand; another drives cattle.

Alameda Co. Vital Statistics Births, Marriages and Deaths

Workers of '61 and '65, a native of New York, aged 72 years.

Funeral services, Monday, September 13, 1931, at 10 o'clock, at the parlors of the James Taylor and Sons, 15th and Jefferson streets, Oakland, Cal., to which friends are invited. Interment, View cemetery.

WILLIAM—In this city, March 31, 1931, Henry A. McNamara, beloved son of the late James and Mary McNamara, loving brother of James E. John T. Joseph P. Frank L. Reuben A. and May McNamara, all of Martinez; a native of Martinez, aged 23 years.

Deceased was member of American Legion Henry A. McNamara Post, No. 29, of Martinez; Mt. Diablo Chapter No. 19, of O. W. L. Camp, W. O. W. V. M. I. No. 25, of Martinez; Knights of Columbus No. 874, of Vallejo, Cal. Remains will be at Curry's Undertaking parlors until Friday p. m.; will then be taken to family home and remain there until Saturday morning at 9:30 o'clock, when the funeral cortege will leave for St. Catherine's Church, under the auspices of the American Legion.

The funeral will take place Saturday, September 10, 1931, at 10 a. m., from St. Catherine's church at Martinez, where a Requiem Mass will be said for the repose of his soul. Interment Martinez.

TABER—In this city, Sept. 7, 1931, Jane A. Taber, beloved wife of Arthur D. Taber and mother of Gladys B. and Kenneth A. Taber, a native of England, aged 46 years.

Friends are invited to attend the funeral services Saturday, Sept. 10, 1931, at 11 o'clock, a. m., at the residence chapel of the Truman Undertaking Company, Telegraph ave., at 40th st., Oakland.

REVOLUTION IN CHEMISTRY TO AID HUMANITY

Sir William J. Pope Predicts Vegetable Oils Will Replace Ordinary Fuels.

NEW YORK, Sept. 9.—A revolution in chemistry which will have a wide bearing on human affairs, was prophesied by Sir William J. Pope, president of the Society of Chemical Industry of Great Britain, in an address here before the international meeting of the British organization and the American Chemical Society.

"It is safe to prophesy that the next great epoch of organic chemical progress lies in the very near future and that it will lead us to laboratory methods of imitating with considerable fidelity the complex chemical changes brought about in living matter by the utilization of low potential energy," he said.

"When we are working details concerning the plant-leaf process for converting carbon dioxide and water into formaldehyde and oxygen by utilizing the sun's energy, when we can make indigo and quinine by the identical methods adopted by the plants, chemical technology will be an entirely different proposition from the one which it now represents."

Further along in his address, which was entitled "Chemistry and Life," he said:

"On all hands we are met by the demand and indeed by the expectation that science will lift the curse of Adam from humanity. It is no part of my task today to discuss philosophical questions which originated in the Garden of Eden, but it seems plain that modern science is called upon to find means for curtailing the expenditure of such high potential forms of energy as human labor and animal power."

"The solution of this problem must come from the proper utilization of the radiant energy which comes from the sun. We require efficient methods for transporting solar energy from the tropics for use in our more temperate climates. It is perfectly possible that the scientific study of oil-bearing plants in tropical regions may lead to such improvements in yield and cost of production that vegetable oils will replace the ordinary fuels, coal and petroleum, now used the world over."

Mayflower Pact to Be Commemorated

PROVINCETOWN, Mass., Sept. 9.—The Mayflower compact, a two and three-mous agreement signed by the Pilgrims in the cabin of their vessel in this harbor, will be commemorated in a bronze relief designed by Cyrus B. Dutton, which will probably be set up here about November 1.

Improvements in Provincetown in connection with the Pilgrim Tercentenary observance included the removal of certain buildings, new grading and the construction of a dignified approach to the Pilgrim monument on Town Hill. The result is to be a civic square and parkway east and north of Town Hall, at the east end of the hill. On Bradford street, north of the Town Hall, there will be a horseshoe approach, and at its northern end the bus-relief will be placed.

Colonial Buckles On Footwear Revived

NEW YORK, Sept. 9.—Colonial buckles on feminine footwear have returned in style with the revival of the tongue pump, one learns from the shop talk on Fifth avenue. The result is the modified Colonial, but the larger buckles also are in demand. Let gun metal and nickel finishes are preferred.

The strap pump, fashion oracles say, will still be favored by smart dressers this fall. Buttons in metallic combinations to go with the wear include bright and "satin" silver, and similar effects in gold.

NORWAY PASSES DRY BILL. CHRISTIANIA, Sept. 9.—The lower house tonight adopted the prohibition bill, which forbids importation of liquors or wines containing more than 14 per cent of alcohol. The bill now goes to the upper house.

Miss Mollie Allen Tells How Cuticura Healed Eczema

"Eczema broke out on my forehead and limbs, from ankles to knees. Little white pimples formed which contained a watery fluid, and upon scratching would leave a burning sensation, growing worse all the time. The eczema scattered and my arms and limbs got so bad, and discharged so much watery fluid, that my clothing was wet all the time. I had to keep my limbs wrapped in oiled silk."

"I began using Cuticura Soap and Ointment and they gave me great relief, and after using three cakes of Soap and six boxes of Ointment I was healed." (Signed) Miss Mollie Allen, 2821 Telegraph Ave., Oakland, Calif.

Use Cuticura for all toilet purposes.

Work of Bishop Is Praised by Governor

SEATTLE, Wash., Sept. 9.—On the occasion of the twenty-fifth anniversary of the consecration of Right Rev. Edward J. O'Dea, bishop of the Roman Catholic diocese here, Governor Louis F. Hart, Mayor Hugh M. Caldwell of Seattle and others spoke at a reception last night. The Governor referred to "the sterling qualities of a churchman, who during his term as bishop, has seen 100 churches of his denomination added to 41."

COUPLE DIE IN AUTO UPSET

SEATTLE, Sept. 9.—Husband and wife were killed when an automobile skidded and turned over near a bridge over the Snoqualmie river, about thirty miles from here, last night. They were Mr. and Mrs. H. B. Bowerman, who lived on a ranch near Snoqualmie Falls. The only other occupant of the car, Mrs. Cora Turkington, of Seattle, escaped injury.

"Kick" of 66 Per Cent In Kisses Girls Give

CINCINNATI, Sept. 9.—Leo B. Forst, retiring head of the Federal Pure Food and Drug Laboratory, rises to remark that the intoxicated feeling you get when you kiss your best girl is the real article.

The kiss with the "kick" is at least 65 per cent alcoholic, he says. Chemicals put into toilet waters with which girls anoint their lips provide that violent comeback.

GIRLS ON LONG HIKE

PORTLAND, Ore., Sept. 9.—Miss Emma C. Tucker, formerly assistant professor of English literature at Goucher College, Baltimore, and Miss Myrtle King, daughter of Will R. King, former associate justice of the Supreme court of Oregon, were in Portland and reported having hiked from Washington, D. C., to this city. They left Washington, May 3.

Hawthorne's House Will Be Preserved

SOUTH CASCO, Maine, Sept. 9.—The house on the shores of Sebago Lake here, in which Nathaniel Hawthorne lived as a boy, and where he made his home when he was attending Bowdoin College, is to be preserved as a community house. Citizens and summer residents have just formed a corporation for the purpose.

Robert Manning of Salem, Mass., who owned thousands of acres of land about Sebago Lake, built the house in 1814 for his sister, who was Hawthorne's mother. Hawthorne was ten years old when he came to the new house with his mother, and this continued to be his home until after his graduation from Bowdoin College, in 1825, when he returned to Salem.

Crystallized sugar is now being produced from corn.

CAROLINA JUDGE DIES

GOLDSBORO, N. C., Sept. 9.—Judge W. R. Allen, 61, associate justice of the Supreme Court of North Carolina, died of apoplexy yesterday.

APOPLEXY KILLS LAWYER

TEXARKANA, Ark., Sept. 9.—D. Fields, 54, Houston, Texas, resident member of the firm of Field, Behm, folk investment company, died of apoplexy yesterday.

OAKLAND DAY AT FAIR CALLS BIG EASTBAY THROG

Special Trains. Loaded. Leave Early in Morning for Capital.

Alameda county sent thousands of her citizens to Sacramento today to take a leading part in the celebration of the State Fair. The combination of Oakland Day and Admission Day, with low rates on the railroads, and fair prices for the motorists was responsible for the largest number ever sent from Oakland to the fair.

On a special train this morning 600 left in the official delegation chosen to represent the county. But before that train pulled out there left as many of the unofficial representatives and, again, another packed train followed. Southern Pacific, Sacramento Short Line and Western Pacific shared the heavy holiday traffic.

The visitors to the fair from this county arrived in time for the band contests in the morning. A special kenneled club show and horse show were on the day's program with the main event being the Pacific coast invitational track meet. Horse racing, with the Stanford occident pace feature, drew big crowds. In the afternoon, boxing, were all given places in the list of events to entertain the throng.

The special train taking Oakland business men, their wives and families was chartered by the Chamber of Commerce over the short line leaving Berkeley and Shafter at 8:20 a. m. In Sacramento the delegation was met with special street cars and a band and escorted to the fair grounds. Space on the train was reserved for the Merchants' exchange, the Advertising Club, Rotary Club and other organizations.

Petrograd Children Get First U. S. Food

PETROGRAD, Sept. 9.—(By The Associated Press.)—The first American food was served here yesterday by 200 Russian children, who revel in rice pudding, cocoa and white rolls prepared in the initial kitchen of the American relief administration.

Other kitchens will be opened speedily by Carlton Bowden, directing the work. The German steamers Phoenix, Gotsburg and Stella have arrived in Petrograd from Hamburg with relief supplies.

PRISONERS CRUCIFIED.

GENEVA, Sept. 9.—Twelve Fascist who were captured in an anti-aircraft conflict at Sarzana were taken into the forest by their captors and crucified on the trees.

It's San Joaquin Valley Day at Fair Tomorrow

SACRAMENTO, Sept. 9.—It will be San Joaquin day at the state fair tomorrow. The following program has been arranged:

MORNING
10:00 A. M.—Meeting of California Cattlemen's Association in assembly room.
Band Concerts.
Dog Show.
10:30 A. M.—Stock Parade.
AFTERNOON
1:00 P. M.—Races. Dog Show. Free attractions in front of the grand stand. Band Concerts.
4:00 P. M.—California Sheriffs' Association. Meeting in assembly room.
EVENING
8:00 P. M.—Horse Show. Dancing. Boxing.

JAPANESE CRAZED BY DRINK FIGHTS

BERKELEY, Sept. 9.—Crazed, according to the police, by too much sake or some form of liquor, Akira Sakamoto, house boy employed at 2728 Channing way, was taken into custody at an early hour this morning at College avenue and Webster street by Officer O. W. Wilson following a fight with H. B. Erbe, 2941 Webster street.

According to Erbe he was returning on a car from Oakland at 1:30 p. m. this morning when he noticed Sakamoto, who, he says, was in a drunken state, being teased by college students. Sakamoto is declared to have spat at the students and when some of the saliva fell upon him Erbe says he remonstrated with him. When he was alighting from the car Sakamoto was declared to have kicked him in the jaw. Erbe admits he then lifted Sakamoto from the car and proceeded to give him a beating.

Sakamoto followed Erbe home, according to the latter's story, and kicked and pounded on his front door. Later the Japanese is declared to have crossed the street and employed similar tactics at another house. The police were called and the Japanese was taken to the station after putting up a fight against arrest. In his cell he is declared to have become violent and it was necessary to fasten his hands to prevent him from doing injury to himself.

The Japanese is being held for observation. He is employed at the home of Sherrell W. Hall, 2728 Channing way.

The celebration of May-Day is a relic of Druidism.

GRAND PRIZE AT FAIR IS WON BY FRESNO COUNTY

Kings, Yolo, Placer, Stanislaus, San Joaquin Follow in Order.

SACRAMENTO, Sept. 9.—Fresno county by a slender margin of points was awarded grand prize at the 1921 California state fair for the largest, best and most complete exhibit of products of any county of the state competing. Second prize was awarded to Kings county, third to Yolo, fourth to Placer, fifth to Stanislaus, sixth to San Joaquin, seventh to Humboldt and eighth to Mendocino.

Fresno also won first prize for the largest, best and most complete exhibit exclusively of farm products by any county of California. Yolo took second in the class and Tulare third. First prize for the best, largest and most varied exhibit of minerals was awarded to Calaveras county, with Placer second and northern California counties exhibit third. Mendocino took first prize for the best feature exhibit, judged on originality of design. Riverside second and Kern third.

For the best exhibit by a co-operative association, the Northern California Counties Association was granted first prize, the California Fruit and Peach Association, second, and the Satchel Fruit Company of San Francisco third.

The judges were J. C. Whitten of Berkeley, J. R. Cox and R. H. Hodges of San Francisco, and George C. Weldon of Ontario.

Governor's Day was celebrated at the fair yesterday with a large crowd in attendance. A reception was tendered the governor by the state fair directors in the morning. Several hundred Rotarians held a big banquet here last night, where Governor Stephens was the guest of honor.

Growers of Dahlias Address Luncheon

ALAMEDA, Sept. 9.—Alameda as a dahlia growing center was exemplified by both speech and demonstration at the gatherings of the Alameda Rotary Club luncheon at Neptune Beach yesterday noon. Dr. J. K. Hamilton and Mrs. Edna Spencer were the speakers. The tables were decorated with dahlias from the gardens of the two enthusiasts.

Mrs. Spencer is one of the best known growers about the bay and has captured a great many prizes at the various dahlia shows. The two told of the systems of culture and advocated a more extensive cultivation of the plant in Alameda, where climate, soil and other conditions are so well suited to its propagation.

Police Fail in Hunt for Missing Girl of Alameda

ALICE MADISON SEEBECK, missing Alameda girl.

Bay Cities Being Searched for Alice Madison Seebbeck, Aged 16.

ALAMEDA, Sept. 9.—No trace has been found of 16-year-old Alice Madison Seebbeck, who disappeared while on her way to St. Joseph's church, Sunday morning. A search is being made of all the surrounding bay cities by the police and a description of the girl sent to all officers as far as San Jose. Her home is at 1524 Pacific avenue.

School cares and studies evidently proved too much for the interest of the girl, according to her parents, who are unable to ascribe any other motive for her leaving home. This is the third time that she has run away. At the time she disappeared she had only a small sum of money, according to the information given the police. She has been seen and recognized once since running away and that was on Monday in San Francisco.

Miss Seebbeck is described as being a blonde with blue eyes. A striking feature of her appearance is her very dark eyebrows. She is 5 feet, 6 inches tall and weighs 115 pounds. When she left home she was wearing a light gray dress with gray stockings to match. She also wore a light bluish gray hat.

The two-humped camel is of the Bactrian species of the Asiatic steppes.

JOBLESS MEN TO BE OFFERED AT AUCTION DAILY

Boston Philanthropist Undisturbed Over Scheme's Failure First Day.

BOSTON, Sept. 9.—The auction sale of jobless men which attracted throngs to Boston Common yesterday, will be continued daily for at least this month, was the announcement by Urban Ledoux, who staged the event.

"Shorn lambs of unemployment," Ledoux called them when he put them on the block and offered their services to the highest bidder. Ledoux, a philanthropic worker who recently opened the "church of the unemployed," led fifty men to the common to bring home, he said, to the people their stories of human misery, just as William Lloyd Garrison pleaded for the slaves there seventy years ago. It was to prove his charges were good that he put some of them on the block, he explained.

NO OFFERS MADE.

Ledoux's efforts were not rewarded. Of the three who stood up for bids none got a job, although the crowd pledged help to tide them over a week or two while they sought employment. Their leader said, however, he considered he had brought their plight and the horror of their position to public attention, and he announced that the auction was to be a daily event, to be continued at least this month.

Ledoux and his men, box lunches in hand, came to the common from his headquarters, where he had fed hundreds. While they ate he called for volunteers to stand at auction, prepared to work for a week for the highest bidder. Eight men stepped out, two world war veterans, most of them in clothing and shoes well worn. Each was asked how long he had been out of work and without food and shelter.

ONE MAN HAD NOT WORKED FOR A YEAR. Another had eaten only twice a week in six months of unemployment.

FORMER SOLDIER UP.

James Ferris, 25, an upstanding man, who said he had served four years in the army, was called to the block. He stripped to the waist, and while Ledoux directed went through the army calisthenics to show his muscular development. Bids were called for.

"This is one of the men that you used during the war. What will you do with him now? How much will you bid for this man's services for a week in order that he may have food and shelter?" the auctioneer asked. Bids were made, but when they were called, those who had made them had slipped away. Ferris was then declared to be without a bidder.

A dog was brought to the block. He was known as "Fido" for \$5, with the condition, accepted by the successful bidder, that he be returned to the "church of the unemployed" as its mascot.

HELP IS PROMISED.

Joseph Mitchell, colored, was called. His shoes were without soles and his clothing was ragged. Replying to Ledoux's question, he said he had been without food for days at a time in the six months he had been out of a job.

There was no bid and the auctioneer called on the crowd to pledge him food and shelter for a week. Mrs. Annie Jackson responded and went the auctioneer on, better by saying she would be responsible for Mitchell's sustenance and shelter for a second week if necessary. John Farley, wearing a G. A. R. button, added a dollar; another man promised a suit of clothes and a second man passed Ledoux \$2 to "buy some beans for the boys."

William Davis, a boy of 18, out of a job for a year, was offered. He said he had lent himself going for a time on \$300 that he had saved, but had reached the end of his rope and was in hunger. He was promised a home for a week by Mrs. F. H. Gruninger, and the man who promised the clothing to Mitchell gave \$2 to Davis.

With no bids for the three men set up, Ledoux suspended his auction until today.

Judge to Sentence Culprit in Hospital

SAN FRANCISCO, Sept. 9.—Superior Court Judge Harold Londerback, his court clerk, bailiff and reporter will have to journey to the San Francisco hospital Monday in order to sentence Theodore Kilmer, convicted of larceny.

Kilmer's wife charged that he had opened her safety deposit box and stolen a quantity of jewelry. After his conviction he was taken ill, and by order of the county jail physician, was removed to the hospital. In order to sentence him within the time required by law, sentence will have to be passed at his bedside.

Fix House Numbers, Postmaster's Plea

ALAMEDA, Sept. 9.—Postmaster Tom Stoddard has issued a request to all property owners of Alameda to see that the numbers of their homes and places of business are plainly marked and in a conspicuous place. The request of the postmaster is made in order to increase the efficiency of the local department, which has been considerably hindered through the lack of numbers.

Proof for Open Minds.

This is to certify that after several years of stomach trouble and after trying several doctors without relief, I took herb treatments from Po Kwong Shew and was instantly relieved. I am feeling fine and now earnestly recommend Po Kwong Shew to any sufferer.

TOKYO THROG GREET'S PRINCE ON HIS RETURN

TOKYO, Sept. 9.—(By the Associated Press.)—Tokyo's two and one-half million people today gave a characteristic expression of Japan's loyalty to Crown Prince Hirohito, their heir apparent, whose recent successful tour of the Occident has appealed to popular imagination and undoubtedly aroused new and more democratic interests in the Imperial family.

Mayor Goto gave a popular reception in honor of the crown prince whom the people now regard as the real head of the empire, owing to the illness of the emperor. Thousands roared cheers of greeting as the prince, with his democratic bearing and easy oratorical manner, addressed the multitude, voicing satisfaction over the efforts at municipal improvement in keeping with Tokyo's place among the world's greatest cities.

Tonight a mammoth procession, bearing 100,000 Japanese lanterns, serenaded Prince Hirohito's palace. He again addressed the throngs, emphasizing the urgency of establishing world peace, and alluding to the necessity of doing everything possible to contribute to the success of the forthcoming Washington conference on limitation of armaments.

SNAKES AID SMUGGLERS.

HONG KONG, Sept. 9.—Opium smugglers are using poisonous snakes into packages containing opium in order to frighten off customs officials who would otherwise discover the smuggled drug.

Of the 35,424 students enrolled in universities in the United Kingdom, there are 19,829 in England, 10,922 in Scotland, 3,190 in Ireland and 2,473 in Wales.

GOVERNOR NAMES IRRIGATION PROBE CONSULTING BODY

Board to Investigate Sites for Agricultural College in South Also Chosen.

SACRAMENTO, Cal., Sept. 8.—Governor William D. Stephens yesterday appointed the members of the consulting board in irrigation investigation and the board to investigate sites for an agricultural school of college in Southern California. The boards were created under acts passed by the last legislature and signed by the governor.

The members of the former board are: O. B. Tott of El Centro; T. P. Flaherty of Riverside; J. C. Fink of Fresno; Peter Cook of Rio Vista; B. A. Richevery of Berkeley; Harry Hawgood of Los Angeles; W. S. Post of San Diego; Robert B. Marshall of Patterson; Harry D. McGlashan of San Francisco.

The members appointed by Governor Stephens to the board to investigate sites for agricultural school or college for Southern California created under Assembly bill 209, are:

G. H. Hecke of Woodland, director of the state department of agriculture, as provided by the act; Thomas P. Hunt, dean of the College of Agriculture of the University of California, as provided by the act; H. A. Jastro, president of the State Board of Agriculture; S. C. Evans of Riverside, and Mark Grimes of San Fernando.

Governor Stephens also appointed the members of the San Pasqual commission created under Assembly bill 558, which appropriated \$5,000 to erect a monument to commemorate the actions between the Americans and Mexicans at San Pasqual in San Diego county. The members of the commission are:

F. M. White of San Diego; W. L. Ramey of Escondido and Fred Johnson of San Pasqual.

DIES IN ELECTRIC CHAIR.

COLUMBUS, Ohio, Sept. 8.—Sylvester Brown, 27, negro, was electrocuted at the Ohio penitentiary early this morning for the murder of Policeman Albert R. Warren, at Youngstown, Ohio, May 3 last. Late yesterday Warden P. E. Thomas refused to grant a request of Brown's wife that she be permitted to witness the electrocution. She declared she wanted to be with her husband in the last moment of his life.

Bread and Butter Classes Popular in S. F. Schools

SAN FRANCISCO, Sept. 9.—"Bread and butter classes" in ten public schools by the San Francisco Anti-Tuberculosis Association, have proved so popular and successful that all the other city schools are demanding the installation of similar classes for undernourished children.

Under the system, underweight children are weighed and measured. A charge of only 5 cents is made for bread, butter and a half pint of milk daily for the members of the classes.

Traveling Teacher Named for Schools

SAN FRANCISCO, Sept. 9.—Miss Margaret Shea has been appointed to the position of "traveling teacher," charged with the education of the children of migratory laborers. The appointment, which was announced by Will C. Wood, state superintendent of public instruction, marks the first step in an effort to meet the conditions created throughout the state by some 6,000 children of migratory laborers in the rural districts, who only attend school periodically, or not at all, according to the from-place-to-place wanderings of their parents.

Two Dry Sleuths Are Ousted From Office

SAN FRANCISCO, Sept. 8.—Following an investigation conducted by E. Forrest Mitchell, federal prohibition director, two enforcement officers, Sam Shuen and John Hanley, have resigned from the department. They were accused of having knowledge regarding the disappearance of twenty-two gallons of whiskey from a barrel in the Valdego warehouses. The men denied the accusation.

Widow of Airman Is Awarded \$4900

SAN FRANCISCO, Sept. 9.—Mrs. Elmer L. Locklear, widow of Ormer L. Locklear, who was killed over a year ago while doing "stunt" flying for the William Fox Motion Picture Company, will receive a benefit of \$4900 by a ruling of the State Industrial Accident Commission yesterday.

The commission ruled that Locklear was an employee of the motion picture company and not an independent contractor.

Reserve System Is Praised by Speaker

SAN FRANCISCO, Sept. 9.—The educational value of the reserve officers training camp, as extended to the public school system, received high praise yesterday in addresses delivered before the Progressive Business Club at the Palace Hotel. Speakers on the subject included Ed. Rainey, executive secretary to the mayor; Mrs. Helen P. Sanborn and William J. Drew, principal of Mission high school. Rainey dealt at length with the value of the Scout movement as a forerunner of the training corps.

National Dry Laws Denounced by Kahn

SAN FRANCISCO, Sept. 8.—Though favoring temperance, Congressman Julius Kahn in an address before members of the Downtown Association yesterday placed himself on record as being opposed to the national prohibition law. He claimed that the laws as at present written into the constitution's amendments are "nothing less than an indictment against the manhood of this country, and are creating a nation of law-breakers, as is unheard of in the history of the United States."

Girl Asserts Her Marriage Was Trick

SAN FRANCISCO, Sept. 8.—Charging that she had been tricked into a marriage with a man three times her senior, who had pled her with wine, 17-year-old Rosa Medich Previsich asked annulment of her marriage to Joseph Previsich in a suit filed yesterday. The marriage took place last April in Jugoslavia.

JAPAN APPROVES PLAN FORMED FOR YAP AGREEMENT

Right of U. S. and Other Nations to Use Cable Station Is to Be Recognized.

By A. L. BRADFORD, United Press Staff Correspondent. WASHINGTON, Sept. 9.—The Japanese government has approved the plan worked out here for a settlement of the Yap mandate and Pacific cable questions. It was learned authoritatively today.

The plan for the settlement of this difficult problem has been agreed upon informally in principle by Secretary of State Hughes and Baron Shidehara, the Japanese ambassador here, it is said.

The terms of this informal agreement were outlined some time ago by Ambassador Shidehara to his government, and the Japanese government now has sent its approval, likewise "in principle."

Secretary Hughes now is expected to proceed to put the tentative agreement into formal and binding terms. The main terms of the agreement are understood to be:

1. That Japan recognizes the right of the United States and other nations to use Yap as a cable landing station and for other cable purposes, while the American government drops its objections to the allocation of Yap to the mandate of Japan.

2. That the former German cables in the Far Pacific be distributed so that the United States will have the line from Yap to Guam; Japan that from Guam to Shanghai; the Chinese end of which was diverted to Japan, and that the Netherlands' interest in the line from Yap to Menado, in the Dutch East Indies, be recognized.

STEAMSHIP SALES

NAPLES, Sept. 9.—The American steamship Pocahontas, held here since early in June by charges for repair work, sailed yesterday. Most of the men engaged at Naples were paid off, as they were assuming a threatening attitude.

Costa Rica, Panama End Land Dispute

BY INTERNATIONAL NEWS SERVICE
LEADS WIRE TO TRIBUNE.
WASHINGTON, Sept. 2.—The end of the long dispute between Panama and Costa Rica over the Coto district, which at one time caused open warfare between the two countries and led to the despatch of sharp notes and a battalion of marines from the United States, was signalized today. The State Department was officially informed that Costa Rica has accomplished peacefully the possession of the district and there was no trouble.

Total of 110,000 trees were required to build the Meiji shrine in Japan.

Ministers Debate Plan To Invite Faith Healer

Is Almee McPherson, the San Jose faith healer, of whose powers and cures marvelous stories are related by those who have seen her, capable of effecting both mental and organic cures? Are her cures permanent? Are they not evanescent—merely the ephemeral creations of excitement and exaltation of the mind? And, if so, is there not a reaction, and are such reactions dangerous when they do set in? Or is this woman really gifted with powers that still pain, make the crooked straight, the

blind see, the deaf talk and heal what is broken? These puzzling, elusive questions which the divines, philosophers and physicians of this city are asking as they meet. And on next Tuesday night the matter will be taken up by the Oakland Ministerial Union, when its president, the Rev. H. A. Van Winkle of the First Christian church, will put the question whether or not the union will invite Mrs. McPherson to Oakland. The Congregational Ministers' Club of San Francisco also will discuss Mrs. McPherson's cures at a meeting next Monday morning.

Many ministers have suspended their judgment. Others, however, have traveled to San Jose, and have sat on the platform with the healer. And other faithful members have come so completely under the influence of their surroundings that they have stood in line with Mrs. McPherson, helping her anoint, pray and cure.

President Van Winkle of the Ministerial Union is of those who believe that Mrs. McPherson has been endowed with divine power to heal. He says that he has seen her work for hours on the platform. He says that he saw Mrs. McPherson healing over 500 persons stricken with blindness, cancer, tuberculosis, palsy and other diseases. He says that some were carried in by their husbands, and walk out. He also tells of seeing men throw away their crutches and of a woman who had been dumb for seven years, and, who, being healed, stood on the platform and talked to the audience.

SOME NOT HEALED.
The Rev. Van Winkle admitted that several persons who came were not healed. These, he says, lacked faith.

Rev. C. C. Wilson of the First Congregational church of Alameda announced that he would not be in favor of Mrs. McPherson coming here. He stated that the excitement and the emotion of such occasions frequently were creative of harmful after-effects, and he recalled that subsequent to Mrs. McPherson's recent appearance in Denver, the Colorado Medical Journal had reported some curious reactions among the "cures." He emphasized the difference between organic and functional disorders, and the fact that functional disorders are more susceptible to mental therapeutics.

Professor William Frederick Bade of the Pacific School of Religion said: "My view is that there are certain types of nervous disorders which are curable by auto or self suggestion. Auto-suggestion is used by all faith healers, and I include Mrs. McPherson in this category. Organic troubles cannot be cured by this method, and I am firmly of the opinion that a larger train of evil than of good follows all such emotional outbursts. I grant that Mrs. McPherson may have achieved some results that are looked upon as cures, but this is nothing exceptional. Emanuel Kant, the great philosopher, called attention in 1790 to instances of supposedly miraculous healing, which he declared in reality to be subject to natural laws.

REV. HILLIS WILL WAIT.
Rev. Dr. J. B. Hillis, a recognized expert on psychology, stated that he had reserved "an open mind on the subject, and was willing to receive further light on it."

"A great emotional tide, the movement of which cannot be judged immediately," is the way in which the Rev. Francis Van Horn of the First Congregational church sums up the multitudinous appearance of faith healers, and the crowds they attract throughout the country. He also had sat on the platform and talked with Mrs. McPherson. Dr. Van Horn believes it is too early to draw conclusions, and stated that in Denver and San Diego, where the healer had been, people now are divided as to the permanent value of her results. Dr. Van Horn admits having seen Mrs. McPherson perform some cures, but says there were also some absolute failures.

Rev. Francis W. Russell of St. John's Presbyterian church, said: "Her preaching is a true preaching of the gospel, and her financial methods are above reproach. It is not a money-making business as far as I was able to see in the course of diligent inquiries. As to the results of her cures, time will tell. It is yet too early to judge."

The Rev. H. A. Van Winkle stated that Mrs. McPherson had received an offer from the mayor of Canton, Ohio, to place the Civic Auditorium at her disposal if she would come to that city.

ITALIANS TO WAGE CAMPAIGN TO CUT WINE GRAPE PRICE

Meeting Tuesday Night Will
Perfect Plans to Fight
High Charges.

Italians of the Eastbay section will meet Tuesday night to perfect plans for a campaign they are waging to bring down the price of wine grapes. According to A. J. Ponchione, 985 Forty-fifth street, and others who are leaders in the movement, the wine grape prices make it impossible for the manufacture of wine for home use.

At a meeting held Wednesday night five hundred were present and arrangements were made for a larger conference on Tuesday. This second meeting will be held in Alister Club hall, Forty-seventh street and Shattuck avenue, and will be called at 8 o'clock. Ponchione says that every one interested is invited. R. Cassinini is to preside.

The protesters allege that from \$85 to \$100 a ton, or twice the former price, is being asked for the grapes and say that a combination

ONLY \$139,920 BID FOR RANCH OF PADEREWSKI

But one bid and that of \$139,920 was made for the 2,544-acre ranch of Ignace Jan Paderewski near Paso Robles when it was offered at auction yesterday. The sale was called off, postponing for the time the great wish of the former Polish premier, and world famous pianist, to offer to his country the last of his possessions. A Los Angeles syndicate, the identity of which is not revealed, made the bid.

The extensive property, 12 miles out of Paso Robles, contains 142 acres in 4 and 6 year old almonds; 12 acres in 8 year old walnuts and approximately 2,000 acres that may rapidly be developed, has been conservatively estimated at \$500,000. The bid offered was \$55 an acre for the land.

M. E. CHURCH SOUTH GROWS.
PORTLAND, Ore., Sept. 2.—Methodist Episcopal South churches in the northwest states have increased in membership and are in good financial condition, according to reports of the three district superintendents, read at the annual Northwest Conference, in session here yesterday. Bishop Horace Dubose of San Francisco is presiding.

fixes the price and does away with the old competitive methods of purchase.

JAPAN DELEGATES NUMBER 200; TO COME IN 3 GROUPS

Minister of Marine Kato Is
Included in Envoys for
Arms Parley.

TOKYO, Sept. 2.—(By the Associated Press.)—The Japanese delegation to the forthcoming Washington conference on limitation of armaments, numbering nearly 200, now plans to sail in three groups: The first, on the steamship Korea, October 1; the second on the Shinyo Maru, October 13, and the third and most important on the Kashima Maru, October 14.

The naval group of the delegation, headed by Vice Admiral Kuni Kato, will sail on the Korea Maru. This group definitely includes Captain K. Yamashiro, Captain N. Stutsung, Captain Y. Uel, Commander Thorl, three lieutenant-commanders and two lieutenants.

The two important delegates to the conference are understood to be

CONFERENCE ON BILLION MARKS DIVISION BEGUN

LONDON, Sept. 2.—Paul Doumer, French minister of finance, today began a series of conferences with Sir Robert Horne, chancellor of the exchequer, regarding the division of the first payment of one billion marks, received from Germany.

It had been agreed that 530,000,000 marks should be paid to Belgium and that the remainder should be divided after first paying the expenses of the armies of occupation.

This decision created a political crisis in France and resulted in Doumer handing Briand his resignation, which the French premier refused to accept.

Minister of Marine Kato and Ambassador Shidehara.

BY UNITED PRESS
LEADS WIRE TO TRIBUNE.
WASHINGTON, Sept. 2.—The American delegation at the disarmament conference probably will not exceed four in membership, President Harding today revealed. Assurance also was given by the executive that one of the delegation will be a representative of Democrats in Congress.

Harding also revealed that while a large corps of high army and navy experts will assist the American delegation, no military or naval map will be a delegate.

SNOW FALLING IN MONTANA, STORM SWEEPS HELENA

Foothills of Rockies White;
Freezing Weather for State
Is Forecast.

HELENA, Mont., Sept. 2.—With rain or snow in many parts of the state and unseasonably low temperatures, Montana is having the first autumnal storm of the year. Colder tonight with the mercury near freezing is the weather bureau forecast for the state.

Helena, with .66 of an inch of precipitation and a minimum temperature of 34 degrees, was the wettest and coldest place in Montana, the weather bureau reports.

Today the Rockies near Helena and the foothills were white. In the forenoon snow fell in the valley here.

BURGLAR SCARED AWAY.
A burglar while ransacking the home of Nick Simin, 1374 Eighth street, was frightened away when Mrs. Simin came upstairs from the basement. The bedroom had been ransacked but nothing taken.

VICTOR RECORDS BY JOHN MCCORMACK

A Few Selections by the Most Popular of Living
Ballad Singers

Angel's Serenade, McCormack-Kreiser 89103 2.00

This lovely song seems to have been written for McCormack's voice, and the violin obbligato by Fritz Kreisler makes this number one of the most superlative beauties.

Flirtation, McCormack-Kreiser 87549 1.50

A gay little waltz number sung most appealingly by the great Irish tenor.

Somebody's Calling, McCormack 64405 1.25

One of the songs that has endeared McCormack to thousands and contributed to his fame as one of the great singers of the day.

My Wild Irish Rose, John McCormack 64426 1.25

Love songs by McCormack are always charming. This is Irish in sentiment but universal in appeal.

Carmen (Canto Sorrentino), John McCormack 87548 1.50

McCormack's beautiful voice is well suited to this Repertoire song, and he sings it exquisitely.

Berence (from Jocelyn), McCormack-Kreiser 89106 2.00

This is one of the best-known ballads, and especially delightful when interpreted by these famous artists.

WHY YOU NEED IRON

Take you strong and "brave"
and put the power into your
blood to overcome dis-
ease germs

PRACTICAL ADVICE ON HOW TO
DEVELOP GREAT ENERGY
AND ENDURANCE

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen, and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it. It is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney troubles, rheumatism, nervous prostration, is plenty of good rich, pure blood, strength, energy and endurance, and the greatest energy carrier in the body is organic iron, not metallic iron which people usually take. But organic iron like the iron in spinach, prunes and apples and like the iron contained in what is known as organic Nuxated Iron, which may be had from almost any druggist.

If you have been taking metallic iron with-out benefit, such is no proof that organic Nuxated Iron will not help you. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run-down folks in two weeks time. It is such an extremely valuable product that even the Pope at Rome wrote especially of its merits in a commendation in the Pharmacopoeia Normale. It has been used and highly recommended by former United States Senators, Members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 1,000,000 people are now using it annually. Satisfactory results are guaranteed or the manufacturers will refund your money. Buy at all druggists in tablet form only. Advertisement.

WILLARD'S

COAT SPECIAL

500 newly arrived COATS that furnish a
supreme demonstration of how
Willard's is meeting the public

Business is good at Willard's. It has been considerably good. We have heard talk of Business depression, of trade paralysis, of the stubborn refusal of the public to buy. But we have felt no such depression. And why?

FIRST, because we read correctly the public demand. We knew what you wanted—good dependable garments that were made not for beauty alone, but for service—garments that look just as good inside as they do outside—garments that are honest.

SECONDLY, we knew you wanted such garments at a reasonable, sensible price. That is why we established our \$55 Special—to give you right merchandise at right prices. We knew if we gave you Values you would give us Business.

Our Fall business has proved the correctness of this policy of meeting the public. We have gained recognition as a house of splendid values. But fine as our values have been, we have had nothing which will compare with this new offering of \$55 Coats. They are just what you want—reliable materials, fine tailoring, dependable furs—at a price that is more than right.

Fur Trimmings

Beaver
Wolf
Natria—Mole
Australian Opossum
Black Opossum
Natural Squirrel

Varied Styles

Straightline coats belted all the way round; coats with belted fronts and flaring backs; coats hanging loosely from the shoulder; bloused coats, singularly girlish for the Miss; coats with fitted backs and skirts full or flaring; and roomy coats in wrappy styles are all represented among these new arrivals. There are all cloth coats with fringed throws, embroidered coats, stitched coats, and coats unadorned except for furs, which are fashioned in wonderful heavy collars, in deep cuffs, or in clever panel trimmings.

Fine Materials

STATE TO SELL FIVE MILLIONS HIGHWAY BONDS

SACRAMENTO, Sept. 9.—By a vote of 4 to 1, the State highway finance board has decided to offer for sale on October 27 a total of \$5,000,000 worth of state highway bonds at 5% per cent interest. State Treasurer Friend W. Richardson voted against selling the bonds at the interest rate fixed,

his position being that such a rate was too high. Those who voted to sell the bonds were Governor William D. Stephens; G. B. Daniels, chairman of the state board of control; Ray L. Riley, state controller and N. D. Darlington, chairman of the state highway commission. In explaining the necessity for selling more bonds Darlington said that \$275,000 is needed weekly by the state highway commission to carry on its construction program.

OSGOOD'S

UNEMPLOYMENT CONFERENCE TO BE HELD SOON

Officials At Washington Take
More Optimistic View of
Situation.

WASHINGTON, Sept. 9.—Probably thirty representatives of various interests will sit in the unemployment conference. Secretary Hoover said yesterday after a conference with President Harding.

Secretary Wallace, who accompanied Hoover, discussed representation of agriculture.

Hoover said he had hoped to hold down the membership to about twenty persons, but the difficulty in securing adequate representation for all interests and for the country compelled expansion. The conference, it is hoped, will be held within the next two weeks, Hoover said.

Officials took a more optimistic view of the unemployment situation today. Hoover said he was very hopeful that the stimulation in cotton and wheat will extend to other lines that have been stagnant since the price decline started.

Others in touch with the fiscal and commercial outlook were equally sanguine that the export has been turned. The permanency of these improvements in business in the lines described, it was said, is bound to cut down to some extent some of the present idleness.

There are approximately 4,500,000 breadwinners out of employment, according to calculations made today from the latest government reports on unemployment.

Women are to participate in the conference. The President today discussed with Mrs. Harriet Taylor Upton of New York the question of choosing women as delegates. Mrs. Upton was asked by the President to suggest names of several women.

BUREAU TO HAVE NATIONAL SCOPE

LINCOLN, Neb., Sept. 9.—The index records and files of the Nebraska automobile theft department of the state enforcement bureau have been placed at the disposal of every person in the United States who loses a motor car by theft. State Sheriff Gus A. Hyers, chief of the bureau, announced today.

The department, organized by an act of the legislature, was primarily limited to the purpose of Nebraska motor car theft protection, but by direction of Governor McKelvie, under whom the enforcement bureau was organized, it is aimed to make the branch a nationally known and co-operative agency in aiding in apprehending stolen motor cars and thieves in all parts of the country.

Since the first of the year approximately 4000 records of stolen cars have been filed with the department, eighty per cent of which have been red-indexed as recovered, Hyers declares. It was pointed out that more than half of the eighty per cent recovered were out-of-state cars which had been located through the agency's indexes.

"Every motor car owner in the United States that the Nebraska bureau is open to him should his car be stolen," Hyers stated. "We want notice from every person who loses a car by theft for our records, and I believe, upon results thus far, the agency stands a good chance to aid him."

Ask the Tribune

The length of the Webster street bridge and the amount of traffic going over it was one of the topics which furnished a basis for queries to the Information Bureau today. The query, from an Alameda woman, was as follows:

"Kindly publish the length of the Webster street bridge and the amount of traffic going over it. Last year papers published how many vehicles passed over it for a certain length of time, but I made no note of it."

The Oakland Traction count, taken during the week of October 6 to 12, 1920, and published Oct. 18, 1920, in THE TRIBUNE, shows that at that time 17,504 pedestrians, 31,897 automobiles and 667 horse-drawn vehicles passed over the bridge. The bridge is 1,018 feet from approach to approach. The draw span is 353 feet.

Another reader of THE TRIBUNE sends in the following query: "Kindly inform me what day of the week May 31, 1884 and 1885, fell on."

May 31, 1884, fell on Saturday. May 31, 1885, fell on Sunday.

The TRIBUNE Information Bureau will answer all questions of a general nature except school or legal problems, debates, trade and firm names and queries as to the time of day.

The Bureau is open every day, except Sunday, from 8 a. m. to 9 p. m. If answers are desired by mail, stamps must be enclosed. Quick results can be obtained by telephoning to the Bureau if you have any problems of a general nature to solve ask THE TRIBUNE Information Bureau, Lakeside 6000.

Wearer of Low-Neck Waist Is Fined \$10

ZION, Ill., Sept. 9.—Mrs. Elizabeth Naden, recently arrested for violating the Zion dress ordinance, was found guilty by a jury and fined \$10 and costs. She was charged with wearing a waist that was six inches below the collarbone.

HURTS ARE FATAL.

PITTSBURG, Sept. 9.—James McDowell, 29, who was struck on the head by falling timbers at the new primary school here where he was working, died later at the Marquette hospital, according to word received here. McDowell's parents live in Richmond and he has lived there and in this city.

Famed Yacht America Goes On Last Trip

BOSTON, Sept. 9.—The last voyage of the schooner yacht America, which by lifting the Royal Squadron cup in English waters, now bears her name, will begin at this port tomorrow.

Her final cruise will take the America to Annapolis, Md., there to return to the custody of the navy department after nearly half a century of private ownership. The trip will extend over 20 days, in which the famous schooner yacht will call at various coastal ports, the yacht clubs of which, for the most part, have participated in the arrangements for her transfer.

It will not be the proud yacht, queen of the seas, sailing on wind, that will run down the coast. Because of the necessity of passing under several bridges here, she will be hauled to the deck and sailed in lockers. A valchaser will take the America in tow.

The yacht, her bottom cleaned and caulked after being laid up 20 years in local waters and otherwise made ship shape again, will leave today's ship yard at 9 a. m. tomorrow for the water front here, from which departure will be taken in the afternoon for Marblehead. The itinerary thence follows:

Sept. 11, at Manchester, Mass.; Sept. 12, passes through Cape Cod canal and calls at Monument Beach and Marion, 12, at New Bedford; 14, at Fall River; 15, at Provincetown; 16, at Newport; 17, New London; 18, New Haven; 19, Stamford; 20, Indian Harbor; 21, Quaker Bay; 22, Larchmont or New Rochelle; 23, New York city at Twenty-third street; 24, Gravesend Bay, with call at Battery; 25, New York; 26, Trenton; 27, Philadelphia; 28, Wilmington; 29, Baltimore; 30, Annapolis.

At Annapolis, the America will be formally given over to the government. Secretary Denby, who accepted the schooner yacht some time ago, is expected to be there in person. The transfer will be made by Charles H. W. Foster, a yachtman of this city, who has owned her for four years. He is offering her to the navy department free and clear was made conditional on his acceptance of it.

RUSSIAN STUDENTS
Plan Famine Aid

PARIS, Sept. 9.—Russian students in Paris have organized to aid their people at home in the famine-stricken provinces. They have sent a message to American students urging them to use their influence toward active support of the plans to feed the hungry and care for the weak and sick.

WOMAN'S ASSAULTANT'S SHOT.

ATKIN, S. C., Sept. 9.—Two negroes, Mansfield Butler and Charles Thompson, were lynched near here last night. They had been charged with an attack on a white woman.

RED'S FREE WITHOUT BAIL.

CHICAGO, Sept. 9.—Nine of the twenty men convicted on charges of sedition in the communist trials here in 1919 were discovered to be at liberty without bond yesterday, when an attempt was made to forfeit the bond of Max Dedach. He is said to have fled to Russia.

Nights on the Sahara desert are often bitterly cold.

It is not often that so good a Petticoat can be sold at so low a price. This is a very special merchandising feat. There are 200 Silk Jersey Petticoats in the lot, with accordion-pleated messaline or taffeta or taffeta and jersey flounces. Plain colors and two-tone effects. It is a pleasure to notice how well made is every one. The price is remarkable; only

RICHMOND HARBOR DREDGING WORK BELIEVED NEAR

Surveys and Soundings of the Waterfront Being Made by Federal Engineer.

RICHMOND, Sept. 9.—Indications that the federal government is preparing to start the work of dredging Richmond harbor in the near future is seen in the presence of engineers from the office of Colonel Herbert Deakins of San Francisco, U. S. district engineer, among the waterfront here, taking soundings and making surveys.

Colonel Deakins recently asked the city to obtain written permission from all private property owners, granting the government the right to dump materials upon their property. Plans for the harbor improvement here were submitted to the authorities at Washington some time ago.

The dredging is to be done under a \$100,000 federal appropriation and a similar amount put up from the \$400,000 harbor bond issue voted here last year.

WINE SEIZURE THREAT.

Stating that the attention of the internal revenue office has been directed to the fact that several wine vats have been moved into Richmond, Nelson C. Webster, internal revenue chief for this district, has issued warning that the manufacture of wine on unlicensed premises is in violation of the federal prohibition act, and warning so manufactured is subject to seizure.

TO REPAIR WHARF.

Hentley & Tibbels are expected to begin work in a few days repairing the railroad trestle to the municipal wharf. The contractors have moved their pile driver into position. The trestle has been gradually sinking for some time. New rock has been brought in the present shifting of the underpinning, and piles which have sunk will be redriven or capped.

SCHOOL HOUSES SOLD.

The Richmond school board yesterday afternoon opened bids for the purchase and removal of several buildings on property purchased by the schools and to be cleared for playground purposes. The houses were sold to the following bidders: Frank Cheek, \$25.00, for a small house at 230 Eighth street; M. C. Cervantes, \$25.00, for a house at 229 Eighth street; Jack Maxwell \$114.00, for a house at Fourth street and Pennsylvania avenue.

SEA SCOUTS VISIT.

Many Richmond boys were interested in the Sea Scout movement last night when F. B. Moorehouse, skipper of the Alameda Sea Scouts, and four of his Sea Scouts in uniform came here to address the local

Site Changes For New Ward Schools Made

HAYWARD, Sept. 9.—A slight change in the selection of sites for the proposed new ward schools planned for this district was announced today by the school board of trustees. The Schilling site, favored for the school to be built east of Castro street, has been set aside and the Robinson site, across the street, bought by the trustees. A better street frontage for the new school is gained by making the change, state the trustees.

Bids are now being sought by the school trustees for the erection of a four-room school in the Orchard avenue district, the first building opened to be entered into by the board.

Work on the survey of the site for the proposed department school on the Schilling and Deuelock sites will be completed within a few weeks, say the trustees. The construction of the roadway from Castro street to the school site will be begun at once. Plans for the new school are being considered by the trustees but as yet no selection has been made.

With the meeting of the directors of the Hill and Valley Club here next Monday afternoon, plans for the winter activities of that organization will be set in motion. The entertainment of the Alameda County Federation of Women's Clubs at the White Lunch Ranch on Monday, September 26, will be the first social event of the coming season. Dr. Aurelia Rhinehart, president of Mills College, and Mrs. W. A. Fitzgerald, president of the federation, will be the guests of honor. The directors' meeting Monday will be held at the home of the president of the Hill and Valley Club, Mrs. Leroy Pratt.

Brentwood Notes

BRENTWOOD, Sept. 9.—Friday evening September 16, commencing at 8:15 o'clock in the high school auditorium, an entertainment on a large scale will be given. There has been secured the best talent, both vocal and instrumental, good movies and a sketch by four young fellows, which promises to be something unusual.

Some time during the evening an imported auctioneer will auction fruits, nuts, canned goods, livestock, feline, feline.

The proceeds are to go to the support of the pastor of the M. E. church.

The Chamber of Commerce will hold a regular meeting next Tuesday evening.

There will be many important matters up for discussion, among which will be the motor transportation proposition. John M. Jackson, president of the Western Motor Transport company, will be present with other motor representatives to talk on the auto stage question. Many angles of the situation as well as interesting facts will be brought out.

Attorney E. B. Taylor, John Jackson, president and general manager of the Western Motor Transport company, and George Carriere were Brentwood visitors Wednesday.

The young people of the Epworth League and a few friends had a fine swimming party at Byron Hot Springs on Wednesday evening. All reported a splendid time. These athletic sports are healthful and exhilarating and all had a very enjoyable evening.

Japan will outfit an aircraft mother ship capable of housing three hydroplanes.

NON-FRATERNITY MEN TO DISCUSS "RUSHING FEUD"

BERKELEY, Sept. 9.—Non-fraternity men as well as representatives of the Greek letter societies at the University have been invited by Dean T. P. Putnam to meet with him Wednesday to discuss the "rushing feud."

The unusual action of the college official in summoning non-fraternity men to aid in settling the fraternities' problem has aroused considerable interest. Dean Putnam explains his action by saying that the amicable settlement of the dispute is to the interest of all collegians, and not solely to those fraternity men involved.

MARTINEZ CHILD NOT RESPONSIBLE FOR KILLING BOY

State Law Covering Such Act Will Bar Prosecution, It Is Held.

MARTINEZ, Sept. 9.—A clause in the state law, which says that a child under 14 years of age cannot be held responsible for his acts, will probably save Richard Johnson, 8 years old, who shot and killed 8-year-old Lawrence Caser in a fit of anger on Wednesday, from prosecution. It was intimated at the sheriff's office here today. Young Johnson is the son of Trustee Thomas E. Johnson, former district attorney of Contra Costa county.

The funeral of the slain child will be held tomorrow afternoon from the congregational church. While the date for the coroner's inquest has not been definitely set, it will probably be conducted Tuesday. Mrs. Caser, while heartbroken as a result of the tragedy, was able to discuss it today and give additional details.

"I would rather my boy would be where he is than in the shoes of the boy who killed him," she said.

"I had sent him to the store for a can of tomatoes," she continued. "As he was passing the Johnson house, the other boy shouted out a window that he would shoot him. My boy told him to go ahead, that he was not afraid."

"Then the Johnson boy came out into the street and fired the shot. With the bullet wound in his heart, my boy ran up the hill crying, 'Mama! Mama!' and fell dead at the door. His last thought was of his mother. He is dead and I'm sorry, but he did not take a life, and I am glad."

Informal Dances to Be Vogue At U. C.

BERKELEY, Sept. 9.—With the announcement by the "Big C" society that two assembly dances will be given this year under its auspices, the program of informality for college dances has been officially approved. Following several years of agitation against the heavy expense of formal dances, the society last year experimented with dances open to the college public for an admission charge of ten cents.

The university authorities accepted the assembly dance idea as the solution of the problem of expense, and have now decided that "full dress and tuxedo" affairs shall be barred save in cases of the annual class dances. The university classes have agreed to the plan, and the informality affairs are now in preparation. The juniors will hold a "big" assembly dance this year, the sophomores will hold "seniors" assemblies. At these dances only students in informal dress will be admitted. At the upperclass dances, the men will be required to wear either they wear corduroys, and the women sport cord.

Major I. W. Hill and Former Teacher Wed

RICHMOND, Sept. 9.—Major I. W. Hill, military and athletic instructor at Richmond Union high school, and Miss Kathleen Martin, daughter of Mr. and Mrs. E. A. Martin, 163 Eighteenth street and former high school teacher here, were married yesterday afternoon by Rev. Thomas A. Boyer at the parsonage of the First Christian church, and they are now on their honeymoon. Mrs. Henrietta Martin, mother of the bridegroom, and a small group of close friends witnessed the ceremony.

Upon returning to Richmond Mr. and Mrs. Hill will reside at the Hill residence in the East Richmond district.

GAMBLING IS CHARGED.

MARTINEZ, Sept. 9.—Charges of gaming and permitting operation of a gambling game, preferred against J. B. Turner of Bay Point in August, 1919, were dismissed today by Justice of the Peace P. L. Glass. The dismissal was made on motion of the district attorney's office. Others before the court were arrested but convictions were not had.

Interest of all collegians, and not solely to those fraternity men involved.

Alameda Hebrew Congregation Meets

ALAMEDA, Sept. 9.—The First Hebrew Congregation of Alameda will hold its services at 7:30 o'clock this evening, at 1223 Lincoln avenue. Hebrew school will be held Wednesday at 4 p. m. The services of Rev. Roach Kuehner and Yom Kippur can be observed through the Rev. M. Rabin, 637 Haight avenue, or President J. Perro, 2111 Buena Vista avenue.

News Notes of Vallejo And the U. S. Navy Yard

VALLEJO, Sept. 9.—Attorney H. A. Gee is preparing a new contract which the city officials of Vallejo and the U. S. Housing Corporation will sign, but the municipality can take over the \$40,000 water system at Bay Terrace. The contract will be so prepared that the money that is paid by the city will be turned as rent, and at any time before the entire \$40,000 is paid the city can turn back the holdings to the government in case the deal is considered a bad bargain.

Next Monday evening at the Labor Temple the Woodmen will entertain the members of the baseball team of the camp who made such a fine showing in the recent fraternal baseball league. The committee in charge of the social gathering has been instructed not to spare any expense in preparing for the affair.

City Attorney H. A. Gee has returned from San Francisco where he conferred with Attorney Houghton of the firm of Houghton & Houghton in regard to the steps to be taken to acquire the land owned by the land owners in Suisun valley.

The Hotel Admiral directors held an enthusiastic meeting on Wednesday night and it was decided to rush the plans for the hostelry which is to be erected at Sonoma and Virginia streets. It was stated during the meeting that but \$80,000 of the \$250,000 remained to be collected.

A committee consisting of Fred Soames, R. F. O'Hara, George Thornton and John Blanco has been named by Vallejo Lodge, No. 559, B. P. O. E. Elks to arrange for the moonlight dance and dinner to be held at the Vallejo Blue Rock Springs a week from Saturday night. It is expected that at least 150 couples will attend the social gathering.

The reinforced concrete foundation for the Meyer building near the Vallejo theater will be installed this week. The structure is to be three stories in height and modern in every particular.

The employees of the four Vallejo theaters are preparing to form a tennis club and it is stated that they will lease a lot near the business section of town for the court. The theater people are also preparing to form a golf club next year, it is said.

The yard fire department extinguished a small blaze at the Alameda roundhouse last Wednesday night. The blaze was discovered by members of the marine patrol, and the sea soldiers also assisted in fighting the fire.

Orders have been issued at the yard to dock the Vestal, Pinola and Navigator. The three navy craft will enter the cradle on Monday of next week.

Livermore High School Students Have Real Jinx

LIVERMORE, Sept. 9.—The students of the high school put in a very busy day and evening yesterday. After their regular routine of classes in the morning and up until 3 o'clock there followed an inter-class football game between the Freshmen and Juniors which resulted in a tie. At 6 o'clock a picnic lunch was served by the student body at the school grounds.

In the evening the annual Freshman reception was held in the new assembly room of the school. The first event on the program was the initiation of the new members into the student body. The Sophomores then took charge and with a number of songs staged a minstrel in burnt cork fashion. This was followed by a farce entitled "The Mouse Trap," which was put on by the Seniors. This ended the part taken by the students.

M. C. Callahan then followed and made a presentation speech in behalf of the Foresters of America, who had presented the high school with a painting of "Liberty," exemplifying the "Spirit of '76." Callahan gave a very interesting talk on the history of the painting and his address was given the closest attention by his audience. After Callahan finished, Principal Herbert Lee gave a short talk, taking for his subject, "Admission Day." From 9 until 10 o'clock was spent with dancing.

Among the Livermoreans who are away on distant vacation at present, threatened to stab P. E. Rellig, manager of a restaurant at 928 Broadway, when he was asked to pay for Margaret, a native of California, aged 6 months.

Woolbridge, in San Jose, Calif., Sept. 8, 1921, Richard Francis Escobar, brother of Arthur Henry Escobar, a native of California, aged 6 months.

DISPUTE OVER MEAL. Willie Pierson, alias J. D. Smith, are Mr. and Mrs. Carl Jorgensen, who are spending a few days at the State Fair at Sacramento. Misses Margaret, Laura, and Josephine, Frank and Mrs. J. V. Sweeney are spending their vacation at Santa Cruz.

WOMAN TO DEFY ACTION TAKEN BY CITY TRUSTEES

Refusal of Board to Allow Her Lunch Wagon Permit Meets With Opposition.

MARTINEZ, Sept. 9.—Despite the fact that the board of trustees rescinded her permit to operate a wagon restaurant on Ferry street, Mrs. Mary DuPré intends to maintain her business and "will fight it out to the bitter end," she declared today. Mrs. DuPré's permit was rescinded by the board Tuesday night by a vote of three to two following a hearing of charges that the wagon was in violation of the city ordinance to the location of her restaurant and to Fire Chief John Briley, who had offered money for the wagon to be removed from the street. Mrs. DuPré's wagon was a native of Germany. His home was at 2831 John street. Surviving is one son, George Hildebrand.

Funeral of Berkeley Musician Tomorrow

BERKELEY, Sept. 9.—Funeral services will be held at 2 o'clock tomorrow afternoon at undertaking parlors at 1836 University avenue. The deceased was a retired musician and resident of Berkeley for the last 15 years.

Hildebrand died as a result of injuries sustained in a fall three weeks ago, when he broke his hip. He was a native of Germany. His home was at 2831 John street. Surviving is one son, George Hildebrand.

San Jose Vital Statistics

SAN JOSE, Sept. 9.—The following vital statistics were recorded in this city today:

MARRIED. VALMONT-LEONARD—Joseph Valmont, 36, San Jose, and Edith B. Evans-Lewis, 34, Palo Alto. EVANS-LEWIS—Patrick Albert Evans, 47, Palo Alto, and Ellen Evans-Lewis, 42, Palo Alto. KIRSCHBAUM-LORENZAN—Albert Robert William Kirschbaum, 38, San Francisco, and Francisco Lorenzana, 38, San Francisco. CAPENER-FRIED—John Walbridge Capener, 46, San Jose, and Emma Fried, 38, San Jose. PICKARD-SPECK—James Albert Pickard, 23, Ukiah, Okla., and Hazel Speck, 20, San Jose. HANSEN-DENNETT—Edward Hansen, 50, San Francisco, and Ellen Denett, 30, Oakland. DIED. ESCOBAR—In San Jose, Calif., Sept. 8, 1921, Richard Francis Escobar, brother of Arthur Henry Escobar, a native of California, aged 6 months. BORN. WOOLBRIDGE—In San Jose, Sept. 2, to Mr. and Mrs. W. Woolbridge. (Nee Alma Kroeger), a daughter.

WHAT PEOPLE of the GOLDEN STATE are DOING

FRUIT THIEVES MAKE BIG HAUL NEAR SAN JOSE

Truck Used to Haul Away
Fruit From Cupertino
Ranches, Declared.

SAN JOSE, Sept. 9.—Fruit stealing, for virtually the first time this season, has been reported to Sheriff George W. Lyle.

Five ranchers of the Cupertino district, in the heart of the orchard section of the west valley, reported last night that boxes of dried fruit had been taken from their ranches. Indications are that the work was all carried out by the same parties and that an automobile truck was used to haul away the stolen fruit.

J. Putnam of Cupertino made the report to Sheriff Lyle yesterday, reporting incidentally for the other ranchers in his district who were hit by the fruit thieves.

Putnam was the principal loser, reporting that 20 boxes of 40 pounds each of dried prunes had been removed from a spot comparatively near his ranch house. He states that neither he nor his wife heard anything of the thieves, who operated in the dead of night. Added watch is being kept by the night traffic officers.

August Is Busy Month for Visits Of Doctor Stork

Births Far Outnumber Deaths
in San Jose During
August.

SAN JOSE, Sept. 9.—The stork was a very active bird in San Jose during the month of August, according to figures compiled by the local health department, visiting exactly 14 homes in the community during the 31-day period.

As a result the population of the city was increased, through births, by just 55, there being 53 deaths recorded during the month. The death rate, the department announced, was the lowest in some time.

According to Dr. H. C. Brown, city health officer, quarantinable diseases continued on the decline, although diphtheria continued to show itself, with eleven cases reported during the month. There were nine cases of smallpox, two cases of scarlet fever and two cases of typhoid fever reported.

Medical calls made by the department numbered thirty-seven. The health officer states. There were eighteen children examined and fourteen sanitary calls made by officials of the department, a light month.

During August, twenty-one houses were quarantined and twenty-two were released from quarantine. There were only four houses in San Jose under quarantine on September 4, according to Dr. Brown, this being the lowest number at any one time this year.

Sanitary conditions, he stated, were about better in the community. Laboratory examinations numbered 344 in August, while sanitary calls and re-inspections totaled 158.

The health department reported 158 milk and food inspections. Twelve pounds of meat and 24 pounds of vegetables were condemned while out of 233 calves inspected, all were found satisfactory.

Students Will Aid In Correcting Papers

BERKELEY, Sept. 9.—Lack of funds and the increased size of upper division classes at the University of California, have caused professors to consider the use of student readers to correct examination papers in their classes.

Last year members of the history department suggested the plan of having volunteers among the students correct the papers of the classmates. The plan met with the approval of the students, and worked with such success that other departments recognized the plan. The department of economics will use the system this year.

LET NO CORN SPOIL AN HOUR

Any Corn Can Be Stopped Now, Any
Moment, by a Touch

Science has solved the corn problem. One can now stop a corn ache instantly, and shortly remove the whole corn.

The method is gentle, scientific, sure. A famous chemist invented it. A surgical dressing house of world-wide fame produces it.

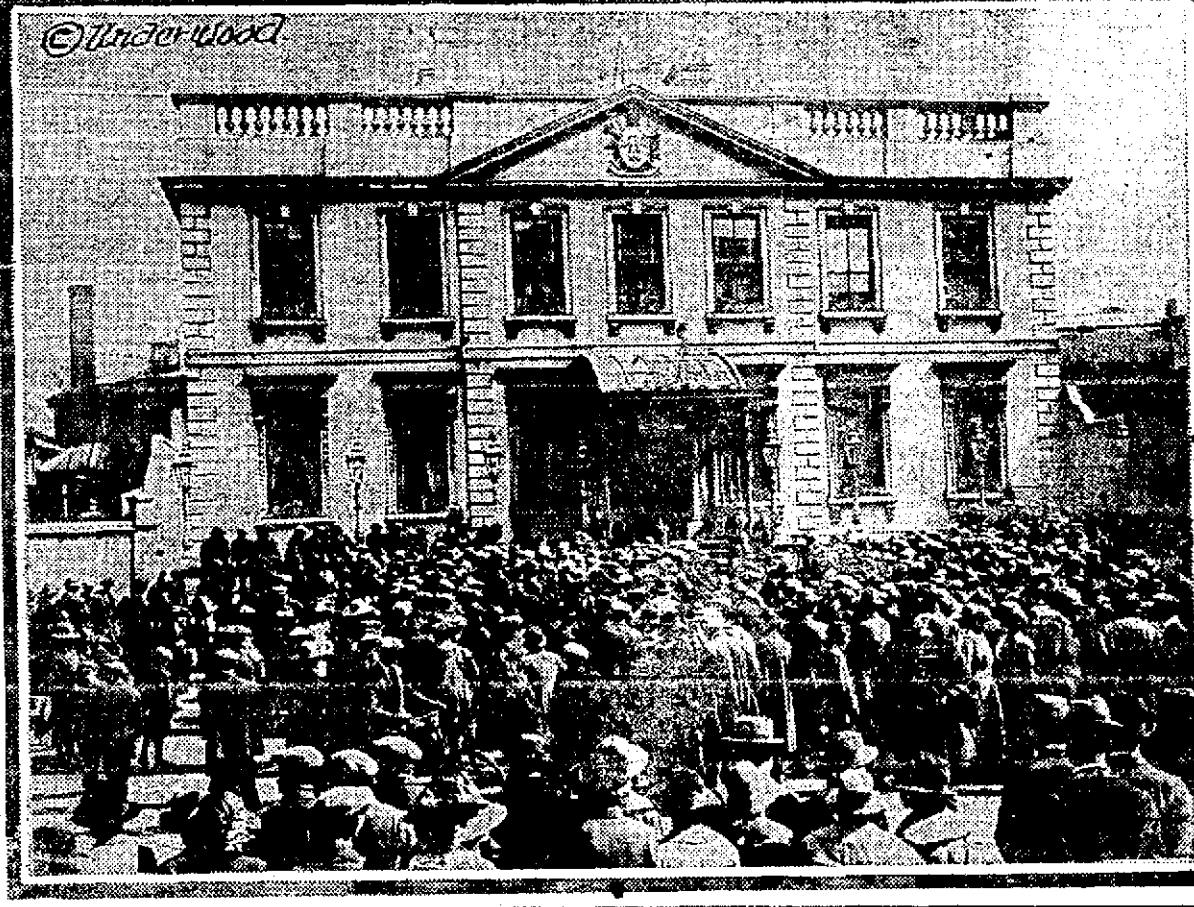

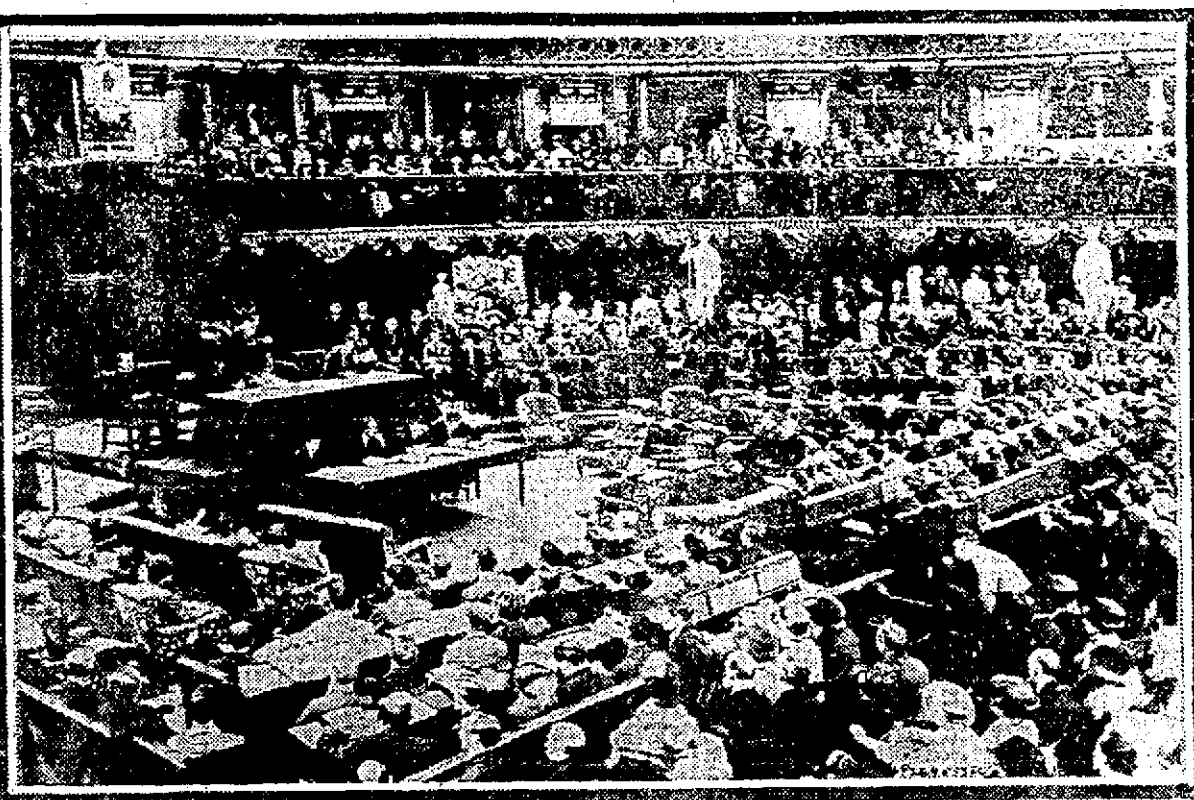

It is Blue-Jay—the liquid or the plaster. A touch applies it. The pain stops at once. Soon the whole corn, however ancient, loosens and comes out.

It makes harsh treatments unnecessary. It makes paining ridiculous. It makes every corn ache a folly. Your druggist has Blue-Jay. Let it end your corn-torment.

Cures Corns Quickly

"Dail Eirann" Debating Peace Terms

Here is showing the recent first public session of the Sinn Fein parliament, with President De Valera in the chair. Below—Irish wait outside the Mansion House, Dublin, for the results of the Dail Eirann's session at which was considered the peace proposal of the British government. Photo just received in the United States.

Budget for New Building Voted by Tracy Trustees

TRACY, Sept. 9.—The people of the west side are rejoicing in the fact that there will be a fine big gymnasium and shop works added to their high school building this fall.

The board of trustees voted a budget of \$60,000 for current expenses and the cost of the new buildings. About half of this is for current expenses—including the salary of an additional teacher of manual training and shop work and the equipment for that newly added department. This sum gives plenty of money to run the school this year, without being cramped for funds.

The other half of the budget is for the new building. This budget was approved by the late county superintendent of schools, John Anderson. He was always very fair and liberal to Tracy district, and the people revere his memory highly.

This budget was next approved by the county board of supervisors at a meeting this week, and the tax levy for this year was set at sixty-seven cents. This is a low tax considering that half of the money is for permanent buildings and is possible only because the district is one of the richest in the state.

The high school trustees are going to push the construction of the new building to an early completion. V. H. Weeks of San Francisco is the architect, and his general plans have been accepted by the board. He is now busy on the specifications. When they are ready the board will advertise for bids and expect to let the contract by October 1.

The new building will parallel the present building on the north, with a portico connecting the two, the architecture conforming to the present building. Weeks being the designer of that also. The gymnasium will be spacious and modern in every respect. There will be the latest thing in manual training and shop work rooms, the plans for which have been approved by the vocational department of the state board of education. Altogether the west side people will be very proud of their high school, and it will be another strong drawing card toward this rapidly developing section.

The Summer Lodge, L. O. O. F. Tracy, second degree team, will go to the Odd Fellows' home, at Sacramento, Saturday night to confer the second degree on a number of candidates. The degree will be conferred upon Philip Bauman of Tracy, and others of Sacramento. The degree team will be in charge of George Gischel, a noble grand of the second degree team.

Monday night in the Tracy campment, the Royal Purple degree will be conferred upon a class of five candidates. The watermelon feed will be one of the features of the evening.

Mrs. Albert Harris has returned to her home here following a most delightful summer spent in vacationing at Bartlett Springs. Just prior to her return to San Jose she was a guest at the Tavern at Lake Tahoe for a period of two weeks. Mr. Harris reports many peninsula folk camped in the Lake Tahoe country, which is a favorite mecca for San Joseans and other bay district residents.

Former United States Senator James D. Phelan again entertained on an elaborate scale at his beautiful country place, Villa Montalvo, near Saratoga, last Sunday. The event was in honor of officers of the Pacific fleet, which is anchored in San Francisco bay. Among the sixty guests present were such illustrious personages as Admiral and Mrs. Eberle, General and Mrs. Mason Wright, General and Mrs. Hunter Leggett, Admiral and Mrs. William Bullard, General George Barnett, Admiral Hutchinson and Admiral Alexander Halstead.

Mrs. Herman P. Hanson returned home last night from San Francisco, where she has been enjoying a brief visit with friends. She has attended a number of important social affairs in the metropolis during her stay here.

Mrs. DeWitt C. Rucker, who, with her family, has been at Pacific Grove enjoying the summer period, is planning to remain there for the rest of September, according to word which has been sent to her friends. The weather there is beautiful at the present time, she states, and several smart affairs are being planned at Pacific Grove and Del Monte, near by.

Mrs. Walter H. Wood is spending the present month at Pacific Grove also. She entertained a few of her friends during the recent golf tournament at Del Monte, in the house named after Mr. and Mrs. George Rucker, Mr. and Mrs. Norman B. Koeber, Mr. and Mrs. Roy Phelps and Mr. and Mrs. Edwin Koch.

Hubert Bookin, one of San Jose's popular young men, has left the O'Connor sanitarium, where he recently underwent an operation for appendicitis, and is again at his home, convalescing.

Notes on San Jose Social Events

SAN JOSE, Sept. 9.—Mrs. William Guy Alexander, who has presided over many fashionable social functions at her beautiful home in Saratoga, is planning to entertain at a luncheon in the near future.

Mrs. Alexander was the gracious hostess on Wednesday afternoon at a pretty luncheon at her Saratoga place. She is entertaining at a series of such affairs during the last few weeks of summer. Bridge is the diversion following each luncheon, and her many friends are more than enjoying her hospitality.

Mrs. Albert Harris has returned to her home here following a most delightful summer spent in vacationing at Bartlett Springs. Just prior to her return to San Jose she was a guest at the Tavern at Lake Tahoe for a period of two weeks.

WIFE FEARS FOR SAFETY OF HER YOUNG HUSBAND

Former Soldier Is Missing
From Santa Clara Home;
Search Made.

SAN JOSE, Sept. 9.—Officers of this city and county today were enlisted the aid of officers throughout the entire state of California in an effort to locate the missing young man, who disappeared from his home in Santa Clara yesterday.

The disappearance of Westley, 25 years old and a war hero, was reported to Sheriff George Lyle and Marshal George Pullen of Santa Clara yesterday by 17-year-old Mrs. Westley, wife of the missing man.

The girl made an impassioned plea for aid, she said, she had lost her four children and her husband to herself in the hope that he might return home.

Westley dropped from sight after having left Santa Clara for this city in search of housekeeping rooms for himself and his bride, she states. She declares emphatically that she has never quarreled with her husband and claims that they have been deeply attached to each other since their marriage eight months ago.

Mrs. Westley is virtually prostrated with tears for her husband's safety, being inclined to the belief that he has been with the police. It is a known fact that the young man had \$65 in currency in his possession at the time that he left Santa Clara.

"Jack and I never once have quarreled," stated the wife today. "We have been devoted to each other always and he kissed me goodbye when he left for San Jose. We had decided that we wanted to move to a place of our own. We are living with another family now. Jack told me he would be home by noon and we have never seen or heard of him since."

Whether the bride's love dream has been blasted or whether her hero-husband has been the object of foul play is a question that is being solved by the police today and which they hope to solve.

Westley is 25 years of age, six feet tall, weighs 180 pounds and is good looking. He was wearing a dark suit with a narrow white stripe when he disappeared.

Hayward Ready For Convention Of Danish Unions

HAYWARD, Sept. 9.—Between one and two hundred delegates to the second annual district convention of the Danish Brotherhood are expected here tomorrow, according to a report made by the local committee who will entertain the guests.

On the committee who have the two-day convention program in hand are P. C. Jensen, J. S. Madsen, Hayward and M. Peterson of San Leandro.

The convention will open with a general meeting of the delegates at the Danish hall, located at 2 P. M. Saturday afternoon. The meeting will be for members only and matters of business pertaining to the general lodge will be discussed.

After the general meeting there will be a social gathering in Danish hall at which speeches will be made by Arthur Manter, chairman of the board of trustees of Hayward, a W. Bean, president of the Hayward Chamber of Commerce; H. E. Brunner, prominent local business man; Viggo Koenig, an attorney of San Francisco and secretary of the Danish Brotherhood; and J. J. Jorgensen, the vice president of the national order of Danes.

The major portion of the evening will be given over to dancing and social entertainment including light refreshments.

Sunday morning an automobile tour through the Lake Chabot country taking in San Leandro and Mission San Jose, will be planned by the committee to entertain the delegates. The tour will be followed by a luncheon at Danial hall, Hayward, after which the final session of the conference will take place.

Delegates to the second annual gathering of the Danish Brotherhood are expected from many points on the Pacific coast. The program embraces all lodge work of the Rocky mountains.

It is the plan of the Brotherhood to make the annual district gathering one of the most important events of the future. For the present the meeting place will be selected from points in California on account of the central location of this state. The national convention of the Brotherhood will meet next in St. Louis in 1923.

BULLETS FLY IN CLASH BETWEEN CHINESE TONGS

Guards Open Fire On Auto
Filled With Chinese Inva-
ding San Jose Chinatown.

SAN JOSE, Sept. 9.—Residents of San Jose's oriental quarter were thrown into a state of panic here late last night when what is believed to have been an attempt at a tong war was made. More than 100 shots were fired during the encounter, but from officers' reports it is indicated that there were no casualties outside of several broken windows and disrupted feeling.

The outbreak took place shortly before midnight when local tong guards posted at the outskirts of the Chinatown here challenged two automobiles with suspicious looking Orientals.

The machines instead of stopping, as requested, sped up and headed for the center of Chinatown. As they did so the guards opened fire, police reports show, sending a hail of lead after the fleeing machines.

Occupants of the two cars returned to the street in the heart of Chinatown and then turned around, whereupon they heaved the fire of the guards and made a second dash through the streets toward the highway running north from the center of Chinatown toward Alviso and Santa Clara.

They returned a feeble fire, witnesses state, on their second passing of the guards.

The shooting resulted in a general panic of the Orientals, and the numerous "joints" were quickly vacated of their occupants. Arrival of the police officers, however, found everything in quietude. The guard of police was temporarily increased.

Last night's disturbance marks the second in a period of two weeks, and has caused some apprehension on the part of the authorities. It is believed that the trouble makers came here from San Francisco with the intention of carrying out a long killing.

The local Chinatown police district, which is patrolled by the city police, all expressed themselves as lacking knowledge of the "why" and the "wherefore."

Police reports were received by the police concerning windows which had been punctured by flying bullets during the shooting. There is some question as to whether or not any of the occupants of the automobiles were injured.

Broken Traffic Laws Add Funds To S. J. Treasury

SAN JOSE, Sept. 9.—Fines taken in by the San Jose police court during August aggregated \$1018, according to a report filed with City Manager C. B. Goodwin by Louis Lightstone, deputy city treasurer and license collector for San Jose. This is the largest sum of money principally through fines for traffic violations, the report shows.

The total amount placed in the bank to the city's credit by the police court during August, totaled \$3827.57, his report to the manager states.

The city auditor's department turned in \$1976.13 of this amount to the city treasury. The city parks netted a revenue during the month of \$1848.88. Lightstone states.

The public works department turned in \$1138.82 to the treasury. The health department netted \$188.24, with \$124.25 and the building inspector with \$202.25. The electrical department of the city added \$14.10 to the treasury for the month with \$14.10. Miscellaneous fines reported as revenue totaled \$453.31.

The city auditor's department turned in \$1976.13 of this amount to the city treasury. The city parks netted a revenue during the month of \$1848.88. Lightstone states.

The public works department turned in \$1138.82 to the treasury. The health department netted \$188.24, with \$124.25 and the building inspector with \$202.25. The electrical department of the city added \$14.10 to the treasury for the month with \$14.10. Miscellaneous fines reported as revenue totaled \$453.31.

The total amount placed in the bank to the city's credit by the police court during August, totaled \$3827.57, his report to the manager states.

The city auditor's department turned in \$1976.13 of this amount to the city treasury. The city parks netted a revenue during the month of \$1848.88. Lightstone states.

Rider Gets It Twice, But Not in Same Place

STOCKTON, Sept. 9.—Ed Rider, well-known resident of this city, was treated at the emergency hospital twice within a few minutes yesterday. Rider called at the hospital to have a dog bite on his leg cauterized. After the nurses had applied the acid to the marks left by the dog's teeth, Rider left the hospital, attempted to crank his automobile and got a broken arm when the machine backfired.

War on Traffic Violators Swells Police Reports

San Jose Police Double Their
Record of Year Ago by
August Arrests.

SAN JOSE, Sept. 9.—Police arrests during the month of August in this city were virtually doubled over the same month of 1920, the records of Chief of Police J. N. Black revealed today. This was due, however, Black stated, to the tremendous increase in arrests for traffic violations, the city having been conducting a continuous prosecution of traffic offenders.

The report of the police chief for August made public here, is summarized as follows:

Arrests	1921	1920
Violations of state laws	1021	510
Violations city higher ordinance	1	1
Traffic laws and state laws	11	11
Public safety	1	1
Grand larceny	1	1
Burglary	1	1
Bank	1	1
Indecency	1	1
Insanity	1	1
Drugs	1	1
Intoxication	1	1
Highways	1	1

Failures and miscellaneous accidents reported during the month of August of this year, as against five of the year of 1920; collisions for August of this year number 20, as opposed to 16 of August, 1920. There was one suicide in the month and none in August of 1920.

COMPLAINT REPORT.

Daily ALMANAC

by Ad Schuster

FRIDAY, SEPT. 9.

Admission Day. The man who discovered the seventh moon of Saturn, something more important than the seventh son of a prophet, was born in 1789 and was named William Cranch Bond. Utah and New Mexico territories were organized in 1850 and the compromise bill admitting California as a free state was passed September 9, 1850. Peculiarly, considering the story of William Cranch Bond, the fifth moon of Jupiter was discovered September 9, 1892.

THE BUCCANEER OF DREAMS.

Swain's so slow by the jetty. Reached the swell of the bay. Back there my Bonnie Black Betty. Waitin' the comin' o' day.

We're in our comrades. Is there a' the ain' house. Armed o' the teeth we abide. A climber o' pots. 'N' a drawer o' lots. As t' 'oo all go over the sides.

Swain's so slow there me pretty. Reached the swell in the dark. That ye, me Bonnie Black Betty. Soon ye'll be off for a lark.

Soon ye'll be callin'. Away afore dawnbreak. Clippin' o'er the Davis Jones. Flyin' so merry up there. At yer terrace. Jolly old Swain, 'n' the Davis.

Strain at yer cables me beauty. Smellin' o' tar at yer seams. 'Lor' 'n' there's no other heavy. 'All like this boots o' dreams.

—BILL BONES.

Scanning the map of the South Seas we find a small dot labeled "Isle of Ig." It is to be hoped that the sun never sets on that one.

FRIDAY, SEPTEMBER 9, 1921.

PROPOSED CHARTER RECOGNIZES THE DANGER OF COUNTY DIVISION.

The charter for city and county government in Alameda County, as proposed by the Board of Freeholders elected last February and submitted by the board to the county supervisors with the demand for a special election to determine the judgment of the electors as to whether this proposed charter shall be adopted, has been published in full in THE TRIBUNE and is thus available for the study of all the citizens. It is a document which demands the most careful study if the voters are to express intelligent action.

One of the outstanding features of the charter is its recognition of the danger of county division, a danger which this newspaper has continually emphasized since the agitation for a change in the county governmental system was first started. The freeholders have been commendably frank in recognizing this danger. They have attempted to provide for the setting up of a separate city and county of Oakland in the almost certain contingency that the scheme for county-wide consolidation is rejected.

It is prescribed that if the proposed charter is adopted by all the incorporated units in the county the name of the new municipal unit shall be the "City and County of Alameda." If the charter is adopted over a lesser area than the entire county, but including the present city of Oakland, as the essential city, the name of the new municipal unit shall be the "City and County of Oakland."

At the first election the people will be permitted to vote only on the proposition to consolidate the entire county under the name of the City and County of Alameda. For this proposition to carry it must receive a majority favorable vote in each incorporated unit. Should this proposition fail to carry in all the municipalities, but be approved in Oakland, the second election to set up the alternative scheme must be held.

The official publication of this proposed charter brings the people of Alameda County face to face with the realization that THE TRIBUNE has presented the menace of county division with entire truthfulness and unerring exactitude.

It is just as apparent today as it ever was that Berkeley and Alameda will not approve the scheme of county-wide consolidation, to say nothing of the smaller municipalities up-country. The first proposition is doomed to failure. Should Oakland approve the original proposition, a second expensive election will be necessary to record judgment on the alternative plan. That alternative plan is described in the charter correctly as the scheme for "The City and County of Oakland." That means separation of Oakland from other county districts, almost certainly including Berkeley and Alameda. It means county division. If Oakland does not vote favorably on the original proposition the second election will not be called and the plot of county division cannot proceed further.

This refers to the general effect of the proposed charter. As to the scheme of government prescribed in the charter, careful and comparative examinations are proper before attempts at analysis. One of the outstanding features first discernible is the autocratic power which would repose in the city manager. The city manager would in effect construct the entire government, leaving to the people the sole privilege of electing the metropolitan council of seven members, which in theory would be the legislative body.

There are other features which are radical departures from present forms of municipal government and there seems to be unnecessary and dangerous latitude permitted for impairment of the merit system of civil service. There are some changes which apparently would mean improved public service. Whether any actual economies are possible under the proposed change cannot be determined because of the inconclusive nature of the charter provisions as to salaries. That subject is still debatable.

While the sheriff of Baker county, Oregon, was watching a circus parade two of his prisoners un-

locked the door of the county jail and escaped. A few days later, while the warden and guards of the Federal prison at McNeil Island, Washington, were watching a ball game, Roy Gardner, notorious train bandit, made his getaway. It is so unfeeling and thoughtless of convicted felons not to let their official keepers attend sporting and amusement events without the danger of a jail-break. And it is unconscionably dumb on the part of the officials to believe that the prisoners ever will change their untrustworthy disposition in this respect.

THE STATE'S BIRTHDAY.

Today is the anniversary of California's statehood. Seventy-one years ago today was admitted to the Union a vast territory of undeveloped riches and a few thousand population. In the three-score and ten years that have elapsed a truly marvelous growth has taken place.

It is particularly fitting that Californians celebrate this day. If it served no other purpose it would recall the progress of a State, the development of a great territory, which each year stands out more prominently in the annals of the nation. This introspection spurs on to new effort and inspires new aims and hope. It promotes the self-consciousness and the self-esteem of the Commonwealth, reminding the people of their adequacy and competency to do effectual things. For the preservation of their interests and the promotion of their welfare.

Again, it reminds the people of California of their importance and responsibility as a part of the nation. Self-valuation gives us a more complete sense of our relation to the other States. The great stretch of Pacific coast line between the northern and southern boundaries, the annual volume of products sent to the markets of other States and of other countries, the economic ties to other sections, the relation of sea and rail transportation to the prosperity of the State, the importance of the place California has come to occupy in the political relations of the United States with other nations—all these factors merit our profound and constant attention. If any day or any occasion will lead the people to think on them more seriously and intelligently it is worthwhile.

And without vainglory or immodesty, it is pardonable to point out that the other States might appropriately take notice of the anniversary of the day when California joined them in the Union. There are a few States of larger population and greater assessed wealth. But none which occupies a more important position in the national fabric of States, none in which the people are more productive of necessities and comforts of life, more industrious or more patriotic and attentive in national service when occasion demands.

The birth of each State was a happy and fortuitous event. California's birth was by many tests the happiest of all.

Secretary of Labor Davis is surprised that more garages are being built than homes. But Mr. Davis should reflect that people who are building garages already have homes. They may not be as modern as the new garage will be, but they are homes. What is badly needed throughout the country is the building of homes by people who do not now possess a home in their own name.

In Texas gasoline is selling at 10 cents a gallon at the filling stations. An Oregon paper says it is worth the difference to live in Oregon. That sentiment goes for California also, but there is no objection to feeling the influence of 10-cent Texas gasoline on California prices.

An Eastern seaside resort has stopped ball-playing on the bathing beach. In time it may become half-way popular to bathe at the bathing beaches.

WINE MAKING.

Brooklyn is proud of her factories and her foundries, of her glue products, her shoe products, her handbags and grip plants, her boat, yacht and ship plants, with good reason. In the matter of wine making she has been at a grave disadvantage. Few grapes are grown within the borough's limits. But Brooklyn rises supreme over obstacles. Now, like a Phoenix out of the ashes, the dry ashes of Prohibition, springs our infant industry, swinging over to Bacchus a loyalty claimed by Gambrinus for more than half a century. Here, here in Brooklyn, two hundred separate families have taken out permits to make their own wine, not for sale but for their own consumption. And each of these is entitled to manufacture two hundred gallons, close to four gallons a week for a family of five, more if the family is smaller. And in each family patiently waiting for Nature and Time to do their part, Byron's apostrophe to wine is being learned by heart:

Thou grow'st old, who does not, but on earth what appears,
Whose virtues, like thine, still increase with its years?

To be sure, we were making the bottles before Volstead was born or Prohibition had been dreamed of, and a generation before the World War and local coöperatives that could turn out as the casks as any in the world. Preparedness had been our motive, though nobody could have guessed what we were preparing for.

As for the grapes, they must still be imported, at least from the Lake Seneca or the Hudson River country. Doubtless much wine is made from raisins, coming from a greater distance, from California, or Spain or Portugal. By railroad or by barge canal, or by ocean steamship, Brooklyn gets all she wants. And if local pride desires to make a point of the paramount importance of the Greater City of Greater Brooklyn, just look at Manhattan. Not a wine-making permit has been issued there, according to the official statement. Manhattan also makes bottles. Manhattan also makes casks. She can see a bung hole as clearly as Brooklyn, but when it comes to seeing loopholes her deficiency is ridiculously apparent.—Brooklyn Record.

NOTES and COMMENT

An egg war is imminent. The Egg Inspectors' Union and the produce houses handling eggs are disagreeing. The innocent bystander, well shielded, would see something more entertaining than he does in clashes in other industries if the egg fustlers ever fall to with the missiles characteristic of their industry.

Outside comment on the incident where a youth touched a girl on her back at a theater in this city is somewhat ponderous. The girl's back was bare, and the surrounding circumstances do not preclude the act—and anyhow, the whole matter is not of first importance.

Picture brides are not all Japanese. Some of the Greek populace who are here have adopted the plan that has been followed so extensively by Asiatics. They seem to have adopted the detail of "bringing them over" after they arrive, with the result that sometimes the import is not successful. A recent case is in point.

Mexico is celebrating her independence anniversary, meaning the one which she achieved from Spain one hundred years ago. A succession of "Liberators" since have led the country to independence from a succession of emperors, presidents and pretenders, but the original and special occasion is being celebrated. Festivities began September 1.

Whether there is ground for it or not, there is likely to be a conclusion that Japan has something in mind when it invites Mr. Gompers to visit that country. The time is set for next April, and as the first day of the month is not mentioned, there is some reason to believe that it is serious.

The navy department is not counting absolutely on the disarmament conference succeeding in disarming the world, for it has submitted to Budget Director Dawes its estimate of expenses for the year, which is \$410,000,000. If the budget director, on contemplating the figures, repeated that expression that has brought him a much fame, the same is not reported in the despatch.

Surreptitious joy rides in automobiles are bad, especially when they come to grief, but in airplanes they are worse. It would seem to be easier to guard against the unauthorized use of an airplane than of an automobile, however, and detection of those who take but machines without permission is certainly more difficult, as is seen in a recent near-by case.

The Walnut Creek Fire Department on Tuesday evening motored to the various towns of the county with banners thrown to the four winds advertising the Firemen's Ball to be given at the Town Hall Saturday night. And the town was in luck that no fire occurred in the meantime.

News of the arrest of Countess Tolstoy by the Soviets may cause a reflection that the great Russian writer and philosopher was spared witnessing and participating in greater miseries by his death before the cataclysm than he ever conceived of. It is an instance where death was kindly, if not timely.

Cotton is on the jump and all this South, as well as sections of California, are jubiling. A record has been made of a ten-dollar increase in price per bale in one day. The cause of the sudden jump is not stated, and it is not wholly reassuring, though very welcome. The fact is likely to be true, however, that a healthy rise in the price of such staples is more likely to be gradual.

SPIRIT OF THE STATE PRESS.

Appointment of Oran A. King, publisher of the Amador Ledger, as registrar of the United States Land Office in San Francisco, was urged by the board of directors of the California Press Association in a telegram sent to Senators Hiram Johnson and Samuel Stanford last week. King is secretary of the association.—Benicia Herald.

With the increase of swimming pools and public bathing places, the renting of bathing suits has become a considerable business. A trade journal reports that manufacturers of knit goods claim that the sterilizing process through which rented suits are supposed to go after each wearing is often a mere travesty. They assert that in many bath houses suits said to be sterilized are merely soaked in warm water.—Stockton Independent.

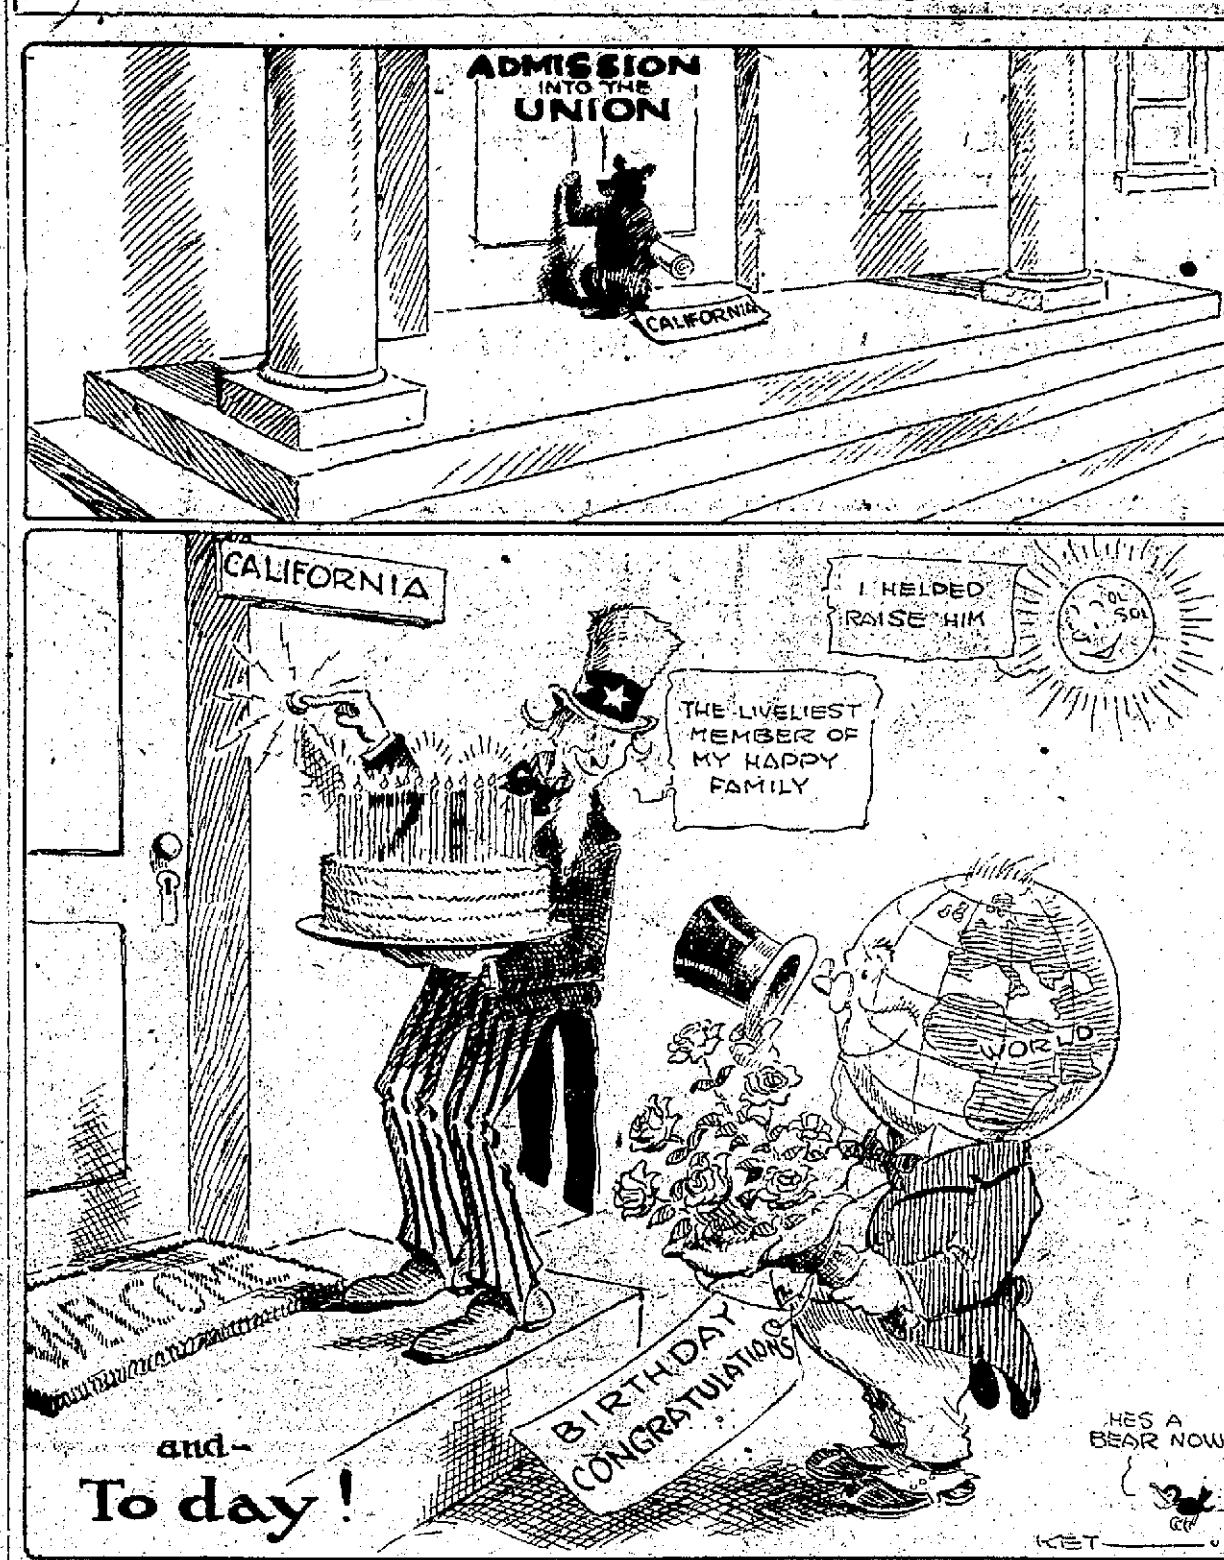

Livermore people who consider implements of warfare appropriate accessories for a public house believe that we have been favored in being able to secure such an imposing looking piece of artillery as the War Department sent us. Others claim it is the ruin of the park and hope that it will soon be covered with shrubbery which will hide it from view.—Livermore Herald.

A demand upon the Mexican government for compensation for the death of David B. Richards at the hands of bandits has been made by his father, Israel Richards. Richards was 34 years old and was half Spanish. He had spent five years in Mexico. He was administrator of the Hacienda de Chieves, a rancho of 250,000 acres lying about thirty miles inland from Salina Cruz.—Niles Register.

The Sacramento Union with the names of two attorneys newly nailed to the masthead is nothing if not unselfish. It asks, why should a barber shop be compelled to pay a license tax and lawyers and doctors go free?—Chico Enterprise.

Even though she has married a director, Clara Harmon is not finding it easy to wish the story of the man who was the first to be nailed to the masthead by way of the masthead. Three more California cities have turned their backs on it in advance.—Stockton Record.

SEVENTY-ONE YEARS AGO.

WORLD'S FIRST PEACE ARCH

Monumental Portal on United States-Canadian Frontier At Blaine, Washington, Marks a Splendid Boundary of Confidence and Commemorates 107 Years of Peace.

Dedication on last Tuesday of the peace portal at Blaine, Washington, on the boundary between the United States and Canada, was originally designed to be marked by more elaborate ceremony than was witnessed. The original promoter of this project was Hon. Samuel Hill, of Oregon, known through the Pacific Coast and in Europe for his advocacy and material support of good roads. He is president of the Pacific Highway Association, and was one of the leaders in the construction of the famous Columbia River highway. It was originally planned to have the dedication of the peace portal take place in 1914, the centennial celebration of Anglo-American peace. The world war interfered and the celebration was delayed seven years.

This portal has been erected at a cost of \$30,000. It is on the Pacific highway, about thirty miles from Vancouver, B. C. It stands on a boundary that has seen 107 years of peace—a boundary 3000 miles long, with not a fort or battleship in sight of it. It is the splendid boundary of confidence. The people of each side trust one another and are not afraid of one another.

September 6 was finally set for the dedication of the peace portal because it was expected that the great men of the disarmament conference would then be in America and that, if not all of them would attend the ceremonies. But this hope was disappointed. Nevertheless the dedication was an expression of the people of Canada and this country that so far as they are concerned bugaboos of fear or threats of war shall not disturb them.

The peace portal is a magnificent monument. Built of concrete and steel, it towers above the level land of the curving seashore line of the waters of the Pacific. It is located on the boundary line at an oblique angle. Thus it is partly in the city of Blaine, in the State of Washington, partly in the municipality of Surrey, British Columbia. It rests on the foundation, the ground occupied having been driven full of piles 25 feet long and 3 feet in diameter prior to laying the first stone.

On top of these piles was placed an enormous slab on which the portal is superimposed. If an earthquake should rock this part of the country the architect is certain the portal would vibrate, but not crack. The walls were constructed in 1920 and were left standing until this spring so that the concrete might set. Early this spring the finishing touches were given. The surface was polished, 470 electric light bulbs installed; and now at night the arch glows as a mass of light.

The doors of the peace portal are recessed in the walls. Across one door is inscribed "Open for 100 years" a reference to the treaty of Ghent formally proclaimed in 1815. Across the other door is the legend "May These Doors Never be Closed." Along the plinth on the United States side of the arch is inscribed "Children of a Common Mother" and on the Canadian side of the portal it reads "Brethren Dwelling Together in Unity."

The arch was to have been erected by the Government of the United States and Canada, but Mr. Hill considered that there would be too much delay with red tape in culminating his ideas if the governments did it and he advanced the money to have the arch completed this year, trusting to the people to receive back his outlay.

EVENTS FOR TOMORROW.

Oakland Rebekahs initiate, evening.

TODAY 20 YEARS AGO

Senator Mark Hanna and Secretary Hitchcock visited the bedside of President McKinley today. Senator Hanna says every bulletin is favorable.

The local lodge of Elks is having a most enjoyable time at Capitola. Twenty thousand persons witnessed Admission day parade of Native Sons at San Jose.

Endurance run of Automobile Club of America between New York and Buffalo started.

DRYING UP THE SOURCES.

An aggregate tax on personal income of \$369,637.104 was collected for the year 1919, according to the revised figures of the Bureau of Internal Revenue. Returns were made by 5,332,760 persons, who reported net income of \$19,859,431,448. New York, as was to be expected, bore the brunt of the burden, paying \$299,732,351, or 31 1/2 per cent of the total. In this state 683,085 persons made returns of net income to the amount of \$2,426,242,179. Sixty-five individuals in the country paid into the Treasury just under \$100,000,000, an average of \$1,523,492 each.

Nearly \$20,000,000,000 of a taxable personal income! Truly a dazzling exhibit of national wealth. But while looking on this picture of prosperity it is well to remember that it is a reflection of bygone conditions. Nothing is so matched again, to say nothing of surpassing it?

The question for Congress in particular to consider is whether the income tax revenue for this year, with many of the former productive sources dried up, will come anywhere near equalling that of 1919. Shaking foreign trade, legislating one great industry out of existence and delaying relief to general business is not the way to increase income. More than a vague doubt exists as to whether the abundant streams which gushed forth will repeat the process at the next summons. Certainly no more important problem faces the national law-making body than to prepare for the contingency of a deficit of revenue from this ready source.—New York Tribune.

MAKE IT A DOUBLE EAGLE.

It is proposed to issue 200,000 gold dollars in commemoration of Ulysses S. Grant's one hundredth birthday, which comes next year. The coin scarcely accords with the subject's fame. It is a nuisance to handle and too small for appropriate treatment. A Grant double eagle would be more satisfactory.—New York Herald.

THE PRIZE PUZZLE.

The man who used to "hide behind a woman's skirts" would be puzzled to do this nowadays.—London Opinion.

about YOUR HEALTH

How Some Deaf Persons Can Be Instantly "Cured."

By ROYAL S. COPELAND, M. D., Commissioner of Health, New York City.

Deafness is a disagreeable condition, no matter what may its cause. The patient is annoyed and his friends are embarrassed because of their unsuccessful efforts to make themselves understood.

Unfortunately, many cases of deafness are more or less hopeless. They are not hopeless because they are past treatment. They are hopeless because the victim lives so far from the ear doctor that he cannot get the frequent treatments necessary for real relief.

The majority of deaf persons can be benefited, provided skillful treatment is applied.

Too often the patient gets discouraged and after a few treatments, discontinues his visits to the doctor. But it should be remembered that catarrhal deafness dates away back to babyhood. The use of the hearing trumpet in old age can be traced to "snuffles" and adenoids in childhood. Certainly it is unreasonable to hope for speedy cure of a disability of such long standing. You must patiently persist in your treatments, confident that the deafness will be checked, even if your hearing isn't materially improved.

There are deaf persons in every town who could be restored to normal hearing by one visit to an ear specialist.

This sounds like an extravagant statement. But I have known many persons to carry about a load of wax and to suffer from needless deafness, that I want to be just as sensational as may be necessary to start such patients on the road to immediate relief.

One of the most common of all the causes for hardness of hearing is what we doctors call "impaction of the ear wax."

The interesting and remarkable thing about impacted wax is that the persons who take the greatest pains to be clean are the very ones who have the trouble. Their efforts to extract the wax serve only to push it in. Rolling up a corner of the wash cloth and working it into the ear does not take out the wax; it pushes it down against the drum.

Left to itself the wax will work its way out. It is only when manipulated that it becomes troublesome.

The skin of the ear is renewed from within outward and thus the wax is carried to the outside. Like wax on the external canal of the ear, the wax in the ear is made of the hair, skin and glands. All the wax glands are located in the outer side of this canal. Without outside interference the wax could not get through this narrow part to lodge against the drum. You may push it there by your ill-advised efforts.

I repeat the old-time joke, which, nevertheless, holds much truth: "Nothing should be put in the ear except the point of the elbow."

Now, here's the way safely to remove wax from your ears:

Prepare a solution of good soap and hot water. Use a syringe with very little force and, if it is a fountain syringe, don't raise it much above the level of the ear. Tip the top of the head toward the ear being worked on, so that the water runs from below up into the ear and out again by gravity.

If no force is exerted by the syringe you can run into the ear an enormous quantity of water, a gallon, if need be, without doing any harm. If the wax has become very hard, drop in five or six drops of mineral oil or sweet oil and let it remain a couple of days before using the water. This will soften the mass of wax and permit its removal with the water from the syringe.

Remember it is harmful to use force or cold water. Either may cause pain, fainting and sometimes inflammation.

If you go to an ear specialist he will do it for you and use instruments and more quickly get the mass out. But the water will accomplish your purpose in the average case if enough is gently used.

GOOD RIDDANCE TO ONE POLLY.

Twenty-one hundred dollars each for 205 wooden steamers, or \$430,500 for a fleet which cost nearly \$150,000,000, sums up the tale of one of the greatest follies into which a nation was ever drawn.

Thus let us record, the while we approve, the sale by the shipping board of one of the blackest of the nation's wartime legacies. It does not occur what the purchaser, a corporation, intends to do with the vessels beyond a reported intention of employing some of them in the Caribbean trade. On the part of the government, however, it is a good bargain—good riddance to bad rubbish. It means a saving of \$50,000 a month, or \$600,000 a year, to the taxpayers, and that much saved is that much gained. That is what it has been costing to keep them afloat in the James river—New York Tribune.

BETTY.

Betty has the bright eyes and Betty has a way with her. Betty has the curly hair that tumbles in the sun. Sunny-side's a fairy spot—and we know who to play with her. Look for Betty's laughter when the day is done.

Betty has the warm lips that seem a dainty part of her. Dimpled cheeks that fashion joy along her baby way. When she smiles it ripples up front out the very heart of her, Changing bleak November into merry May.

Betty brings the sunshine to the great and small of us—Makes the world a brighter place than we had known before; So we take the weary hearts that somehow cling to all of us Out where Betty's laughter makes them young once more!—Stuart L. Carroll, Boston Globe.

CHARTER TO GIVE ONE JOB TO TWO MEN

\$40,000 Outlay and Special Election May Be Necessary to Correct Error; Decoto Sees Much Trouble Ahead

The error in the charter for the proposed city and county of Alameda, which provides for two public administrators and no coroner, is one which, if the charter is carried, cannot fail to cause confusion and expense. This statement is made today by District Attorney Ezra Decoto who holds that to rectify the mistake a special election is called and between the time of the adoption of the charter and its amendment, the county would be without a coroner and all of the work in the public administrator's office would be shared by two men, each the official head of the department. Double signatures, double salaries and divided authority would result. It is estimated that to rectify the mistake another \$40,000 or \$45,000 will be added to the more than \$100,000 to be incurred by the presentation of the charter.

DECOTO'S STATEMENT.
"Under this mistake," said Decoto, "the new government, should the charter be accepted, will find itself with two public administrators and no coroner. The mistake is much more serious than it appears on the face of things.
"The new government would find itself paying two salaries of \$4000 each to two men, both of whom would be legally the public administrator. The city manager must appoint both of the men, for in the charter there are two salaries for the offices, which must be paid.
"As the charter does not provide for deputy coroners, there would be no one to take care of the coroner's work until such time as an amendment could be prepared by the initiative, voted upon and ratified by the legislature."

TWO MEN FOR ONE JOB.
"The two public administrators would find themselves in a strange position. There would be two men on the job, both with identical duties. All papers and other documents coming into the office would require that both men pass upon them and sign them.
"Evidently the freeholders did not read the charter before it was signed by them and officially filed with the board of supervisors. The mistake appears to have been made by some clerk in preparing the mimeograph stencil for the machine. But, nevertheless, it appears that the mistake went through the sixteen members of the freeholders board without being noticed. The situation made by the mistake is a strange one."

"De Fremery Peppers" Form Social Club

"The de Fremery Peppers" has been organized as a social club among the young girls of the West Oakland playground. Meetings will be held Monday at 7:30 p. m. in the clubhouse. Charter members are: Iola Martin, Frances Cornman, Mabel Lett, Martha Stevens, Lucille Hemler and Adeline Byle. The officers are: President, Adeline Byle; secretary, Mabel Lett, and treasurer, Martha Stevens.
Miss Minnette Brodke, representing the Oakland Recreation department, was leader for a hiking trip which a group of the Industrial association girls took to Willow camp over Labor day.

Children Will Sing Songs and Music of Own Composition at Festival at Greek Theater

Here are some of the children song writers at the Washington School and their teacher. From left to right (standing), ANNABELLE O'LAUGHLIN, MERRILL MCBRIDE, MISS NORINE CONNELLY, MAY IMAMURA, PAUL FUHRER, JOSEPHINE FARNSWORTH, CHAS. WARD, MARGARET JOHNSON, FLORENCE PARSONS. (Sitting), EUGENE DAVIS, ROBERT DAVIS.

Young Performers Will Be Feature of Matinee Performance; Odes and Verses To Be Rendered.

BERKELEY, Sept. 9.—Poets and composers of seven years will make their appearance at the Music Festival next week at the Greek theater. Miss Norine Connelly, teacher at the Washington school, will present the children as one of the features of the matinee performance on Saturday afternoon, September 17.
Not only have the children written the words of their songs, but they have composed the music as well. Miss Connelly is responsible for encouraging the children in their original work and has chosen a group of their own selections for them to sing next week. All are in the second grade at the Washington school.
Some of the verse written by children and which has been set to music by them follow:

Once, Robin Redbreast whispered to me,
"I see something from my cherry tree.
Wake from your bed,
You sleepy head,
Cheer up, wake robin;
Cheer up, Chee-ree."
Hound's Tongue.
The hound's tongue is blue—
A wonderful hue.
It grows in the brooks
Or in shady nooks.
Oh, how I love you;
Oh, how I love you!

Star Flower and Woodland Star.
One little weed said to the other,
"I wish we were like the stars."
Fairy said, "I will grant your wish.
Little star flowers you are.
Pink stars, white stars,
Little star flowers you are."

The Trillium.
Trillium, trillium,
From where did you come?
Strongest, bravest
Flower of the west.
The Mission Bells.
The Mission bells are ringing today,
Calling the children out to play;
These lovely chimes at other times
Call the fairies and flowers to pray.

Children in Miss Connelly's class of song writers include the following: Charles Ward, Robert Davis, Glenn Matthews, Forest Adkins, Vernon Whitcomb, Paul Fuhrer, Eugene Davis, Paul Brown, Edgar Wulsen, Culeb Broach, George Orth, Howard Bremman, Carl Schwedhelm, Bobbie Bruton, Ralph Sorenson, Josephine Farnsworth, May Imamura, Merrill McBride, Florence Parsons, Annabelle O'Laughlin, Margaret Johnson, Esther Krag, Ruth Fritchard, Velma Noble, Ruth Turner, Rose Jacobs, Roberta Morosky, Ira Wooten, Lucille Hamilton, Judith Bredstein, Evelyn Schweitzer.

Bandit Leaps On Auto, Robs Woman

SAN FRANCISCO, Sept. 9.—Held up at the point of a pistol by a lone bandit who jumped on the running board of their automobile on Eleventh avenue late last night, Mrs. E. Downing of 1818 Fifteenth street was robbed of a \$100 ring.
Mrs. Downing told police today that she was driving with a friend when the robber threw himself on the car as she slowed up at a crossing. He compelled her to stop and made her take her ring from her finger.

Lawson
Radiant Heat
Overlaid Gas Heater
The cheeriest and most welcome warmth known to science—Radiant Heat! The LAWSON heats like the Sun—projected rays. No devious atmosphere.
The LAWSON has an inner combustion chamber—the "glowing heart." Consumes the gas thoroughly. No waste. No odor.
The most compact, powerful and efficient gas heater you can buy. There's an economical size for largest to smallest room. The leading dealer in Gas Heaters will gladly demonstrate the LAWSON for you.
Different sizes and finishes.

AUTO CRITICS OF HIGHWAYS ARE SCORED BOY SCOUTS PREPARE FOR FUNDS DRIVE

Governor Stephens Denounces the Charges That Construction of State Roads Wasteful and Improperly Done

Governor William D. Stephens today made his first public utterance in denouncing the charges made against him and the highway commission by the California State Automobile Association and the Southern California Automobile club. The Automobile association publicly charged that highway construction in California was not up to standard and that Governor Stephens had failed to take proper action in the matter after the locations of faulty construction and the objection to the kind of highway construction that the association alleged was "detrimental to the welfare of the state" was called to his attention.
The occasion for denouncing the charges was afforded today when Governor Stephens spoke at the dedication of the Plumas county court house at Quincy. He spoke of the highways affecting the county with other parts of the state and immediately launched a bitter attack against the officials of the Automobile association which he said were directly responsible for the charges made against him.
In speaking of the association's charges that the highway commission had been guilty of wastefulness in state highway appropriations for construction, Stephens said:
"I am sure that I will condemn those who are tearing down California's

Alameda Youngsters Start On Monday to Collect \$7000 Needed to Carry Out Their Program of Work for 1922

ALAMEDA, Sept. 9.—The Alameda Boy Scouts will start their drive for funds Monday morning. The object of the youngsters is the collection of \$7000. D. A. Eberly will be chairman of the drive. He is being assisted in the preliminary work by Dr. W. B. Stephens, president of the local scout council, and by Edward Albert, scout commissioner.

According to the committee's preliminary announcement the money given in this drive should not be considered as a donation but as a good investment—an investment in an organization which has for its object the making and preserving of a coming generation of manly, sturdy, country loving youths, doing good wherever possible, and abiding by the Golden Rule.

The city will be canvassed most thoroughly by the large force of workers. Every home and place of business will be called upon to make a donation.
Reputation by utterances from the house, by publishing under large headlines derogatory highway statements that contain a modicum of truth and a very large proportion of untruth and exaggeration.
The federal report on California's roads was "loud in its praise," declared Gov. Stephens.

Trained Pigeon Aids Boy To Fill Grocery Orders

A traveling wireless net which has anything made by Marconi, bettered in the matter of economy and one which has all the range and effectiveness needed in his business, has been installed on the grocery auto of Thomas Taylor of Maxwell park. It is a pigeon.
The bird rides on the seat beside Taylor on his rounds of delivery. When a housewife hands the car driver an order for hurried delivery Taylor writes the list on a sheet of paper and ties it to the leg of the pigeon.
By the time Taylor has returned to the store assistants there have filled the order and have it in readiness for delivery and the bird is ready to start out on another auto ride.
The story of Taylor and his feathered under-carrier was first discovered by Justice Wyman and Jack Stevenson, boy editors and typers of the Maxwell Park News, which recently made its first appearance.

VALUABLE TROPHIES TO BUSHBALL PLAYERS

LOS ANGELES CLUB RIGHT AT HEELS OF THE LEADING SEALS; ONE GAME BETWEEN THEM

'B' AND 'C' LEAGUES WILL BE ORGANIZED NEXT TUESDAY NIGHT

Amateur Ball Players to Be Awarded Gold and Silver Belts and Other Prizes.

By EDDIE MURPHY
With the Class-A Division of the OAKLAND TRIBUNE Midwinter League already organized with sixteen ball clubs, the sporting department of the TRIBUNE and the advisory board are now busy arranging the clubs for the Class-B and C divisions. The Class-B division is practically organized, as a couple of dozen managers signed the roll last week. A few minor switches will have to be made, because of some clubs having been given a Class-A rating. The TRIBUNE has a big surprise in store for the managers of the Class-B and C clubs, and it will be sprung on them next Tuesday night when a meeting of those managers will be held at the TRIBUNE building. The surprise will be something about additional prizes for the winning clubs. Already silver and gold buckled belts have been purchased for the winning teams, but that is not the surprise. The little fellows are going to play for something bigger and better than they have ever before.

With so many ball clubs in the field this winter, players and managers are asking where all the playing fields are to be had. There should be plenty of room for the youngsters, as arrangements have been made for the handling of the sixteen Class-A teams each Sunday and only one Oakland playground is being used. So with a whole flock of city playground diamonds and private ones, there will be lots of room for the youngsters.

Youngsters Will Get Same Attention As Big Stars.

The meeting for the class 'B' and 'C' managers will take place at the TRIBUNE building next Tuesday night at 7:30. The meeting is being held for this class 'B' and 'C' managers to discuss the organization of the league and to elect a president and a secretary. The meeting will be held at the TRIBUNE building, and it will be held at the TRIBUNE building.

The new rules governing the TRIBUNE league this winter, more attention can be given to the little fellows than ever before. The managers are going to get their pictures in the paper just as though they were a star. The managers are going to get their pictures in the paper just as though they were a star.

The managers are going to get their pictures in the paper just as though they were a star. The managers are going to get their pictures in the paper just as though they were a star.

Manager Cravath helped his Dees to victory by hitting a ball over the fence in the tenth inning. The Dees won the game 2 to 1.

The Oaks and Tigers, and Seals and Angels play two games today, while the others play but one.

The TRIBUNE has always entered to the youngsters more than any paper on the Pacific coast, but in recent years it has been better than ever. The TRIBUNE has always entered to the youngsters more than any paper on the Pacific coast, but in recent years it has been better than ever.

No players who have served more than three months in professional ball will be allowed to play in the league this winter. It is not always from the back team with a few old time players, but it is always from the back team with a few old time players.

Jack Miller called Babe Pinelli out at first in the fifth inning. The Tigers won the game 2 to 1.

Fremont High Will Have a Strong Eleven

New Gymnasium Is Under Construction; Strong Coaching Staff.

With two new gymnasiums under construction, a coaching staff of four experienced men and sixty-five men out for football, the school's football team is expected to place a winning team in the field, according to Coach Clarence Street and Ed. Tolson. While only five men out of the sixty-five have had any experience at the American game, under the coaching of the great Yankee sport in eastern colleges, fourteen or fifteen should develop into first-class material.

Calatons Defeat Modern Woodmen

The Calatons Water Company team again demonstrated its class by defeating the Modern Woodmen nine 7 to 6 in a hard fought game. Jackson was the hero of the Calatons, hitting a pair of doubles and a single. Corbett looked in a pinch during the game, but he came out of it with a clean conscience.

After the second inning, the Tigers were almost hopeless. Doll pitched a five-hits game for the Tigers, and it could have also been a tough one for him.

PAIR OF ST. MARY'S CANDIDATES

HUSTON STOCKTON (left), former Columbia College halfback, who was the sensation of northwestern football last year, and "SWEDE" NELSON, the "Terrible Swede" and formerly of Tamalpais Union High School, who are creating a great deal of interest in St. Mary's College football team this season. Both are prep school boys and are eager to digest the Notre Dame system of play being taught by "Slip" Madigan, former Notre Dame center.

HUSTON STOCKTON (left), former Columbia College halfback, who was the sensation of northwestern football last year, and "SWEDE" NELSON, the "Terrible Swede" and formerly of Tamalpais Union High School, who are creating a great deal of interest in St. Mary's College football team this season. Both are prep school boys and are eager to digest the Notre Dame system of play being taught by "Slip" Madigan, former Notre Dame center.

Madigan is a live wire. From the time the first string squad trots out on to the field, he is in the thick of the ball is kept continually on the move and it moves fast. Madigan has a voice like the crack of a whip and when he says something everybody jumps. Last night during a scrimmage, while Madigan was explaining new formations, one luckless mookin husky sank to the ground for a few minutes' rest, but arose as soon as he hit the ground as if he had planted himself on a hornet's nest when the fiery little coach opened up on him.

From the indifferent, half-hearted scrambling of last year, the varsity squad has been turned into a real football team. Changes have been made in the coaching staff, and the school bettered as a result. When coach has his men fighting in the scrimmage, all his hands are always striving, it is needless to say that the men have confidence in the coach and will work their heads off for him.

While the St. Mary's College team this year is not a world-beater, it is noticeable that when the varsity squad goes into action against the second string men, the speed, team work and the morale of the squad would have improved over 500 per cent since last year. Mention the University of California, on the St. Mary's football field and immediately the speaker is the center of a motley group of hussies, all vowing vengeance against the terrible defeat of last year, when the Berkeley team triumphed over the Saints by a score of 127 to 0.

At present Madigan is laboring with his line, which is weak in comparison with his fast, heavy backfield. Clarence Lane, former swimming champion, and George Hanks, former basketball player, are the two mainstays of the line. On the left end, a three-year veteran: George Oeschger, brother of Joe Oeschger, and George Hanks, former basketball player, are the two mainstays of the line.

At present Madigan is laboring with his line, which is weak in comparison with his fast, heavy backfield. Clarence Lane, former swimming champion, and George Hanks, former basketball player, are the two mainstays of the line.

"FLASH" MADIGAN IS DEVELOPING A REAL TEAM AT ST. MARY'S

St. Mary's College Coach Has Team Playing Like Machine.

By RALPH H. HOSLER.

There is a world of difference but at St. Mary's College this year on the football field and on the campus. In the three weeks that Coach Madigan has had charge of the football squad he has practically singlehanded, turned the school football crazy. In addition to the 150 men cavorting about the field under his direction, the bleachers are lined nightly with several hundred football fans, who were suddenly turned as if by magic, from half hearted, disinterested students to boys with some incentive in their school life.

Madigan is a live wire. From the time the first string squad trots out on to the field, he is in the thick of the ball is kept continually on the move and it moves fast. Madigan has a voice like the crack of a whip and when he says something everybody jumps. Last night during a scrimmage, while Madigan was explaining new formations, one luckless mookin husky sank to the ground for a few minutes' rest, but arose as soon as he hit the ground as if he had planted himself on a hornet's nest when the fiery little coach opened up on him.

From the indifferent, half-hearted scrambling of last year, the varsity squad has been turned into a real football team. Changes have been made in the coaching staff, and the school bettered as a result. When coach has his men fighting in the scrimmage, all his hands are always striving, it is needless to say that the men have confidence in the coach and will work their heads off for him.

While the St. Mary's College team this year is not a world-beater, it is noticeable that when the varsity squad goes into action against the second string men, the speed, team work and the morale of the squad would have improved over 500 per cent since last year. Mention the University of California, on the St. Mary's football field and immediately the speaker is the center of a motley group of hussies, all vowing vengeance against the terrible defeat of last year, when the Berkeley team triumphed over the Saints by a score of 127 to 0.

At present Madigan is laboring with his line, which is weak in comparison with his fast, heavy backfield. Clarence Lane, former swimming champion, and George Hanks, former basketball player, are the two mainstays of the line.

Girl Slips Out of Her Home at Night

BERKELEY, Sept. 8.—Whether Miss Rose Alice Terrise, 19 years old, chose Admission Day on which to elope, or whether she's just a plain runaway, is what the Berkeley police are trying to decide.

The girl's aunt, Mrs. Francis Somers, 1921 Stewart street, called the police at 1:35 o'clock this morning, declaring that Miss Terrise's room was empty. The police investigated and found that the girl had evidently made out through an open window. She took \$2.50 with her, an investigation of her belongings revealed, but left all of her clothes behind.

According to the girl's aunt Miss Terrise was engaged to be married. Her father lived in Sausalito and it is thought possible she may have gone there but why she should slip out in the middle of the night is more than her aunt can fathom.

WOMAN THINKS QUICKLY; SAVES HUSBAND \$6000

WINDSOR, Ont., Sept. 8.—George Allen is \$6,000 richer today, because Mrs. Allen had the nerve to perform to perform a feat of legedremain with a bandit's pistol pressed against her head.

Kneeling before a safe in her home at the robber's command, with a pistol at her head, Mrs. Allen opened the safe and swept \$6,000 into her lap. Then she handed the robber \$500, with which he escaped in an automobile.

ADOPT 1/4-HOUR DAY. SAN FRANCISCO, Sept. 8.—A seven and a half-hour day was adopted for all office and clerical employees by the Pacific Mail S. S. company here today.

SMITH, the Live Wire Grocer and Coffee King

My special Coffee is in a class entirely by itself—once tried, always used. Your money back if not entirely satisfied. Hardly a day passes that many customers do not compliment me on the fine flavor of Smith's special blended Coffee. I feel proud of the wonderful growth of my Coffee business. My slogan is Quality. Forty years' experience I know Coffee from the blossom to the grinding in the mill. I carry only one grade of Coffee and only one price—35c per pound. Specials for Saturday. With 2 lbs. of Coffee at 35c per lb. you may buy 10 lbs. of fine cane Sugar at 6c per lb.; 2 lbs. Coffee at 35c per lb.; 1 lb. Sugar at 6c per lb.; 1 lb. Coffee at 35c per lb.; 1 lb. Sugar for \$1.00. Libby's Corned Beef, 15c. English Breakfast Tea, 35c. High grade Japan Tea, new crop, 35c. Fancy pasteurized creamery Butter, Queen's Taste, 48c. Particular attention paid to Eggs, Butter and Cheese. Only strictly fresh, candied Eggs sold in my store. Our Specials are too numerous to mention. The axe is out—we cut to the bone. Come and see.

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, reaches its advertisers that the circulation of this paper reaches every day over 250,000 readers.

SIX MEN BATTLE FOR THEIR LIVES ON BLAZING YACHT

Gasoline Craft Burns to the Water's Edge in Lake St. Claire, Near Detroit.

DETROIT, Sept. 9.—Six men, including Phelps Newberry, son of Senator Truman H. Newberry, and several prominent Detroit business men narrowly escaped death last night when the gasoline launch Kismet, owned by W. Walter Gumbert, burned to the water's edge in Lake St. Claire, three miles off Grosse Pointe, a suburb.

MATRON SEES THIEF STEP OUT WITH WASHING

As Mrs. Jackson H. Crowley of the Venetia apartments, 116 Lake street, was walking up the stairs which lead to the roof of the apartment a young man with a bundle under his arm passed her.

Course to Be Given in Story Writing

Professor James of Mills college will open his two fall courses in story writing at the Hotel Oakland this evening.

ROTARY PICNIC HELD TODAY AT BOY SCOUT CAMP

Club Is Asked to Endorse the Coming Industrial Exposition.

Pleas for 100 per cent attendance at the annual Rotary Club picnic, which was held today by the Boy Scout camp, and for endorsement by Rotarians of the industrial week and exposition, which will be conducted by the Associated Manufacturers of the Pacific cities at Lake Park, on October 1 to 9, were made at the luncheon meeting of the Oakland Rotary Club, at the Hotel Oakland yesterday.

President Chosen By Episcopal Synod

SALT LAKE CITY, Sept. 9.—Bishop Herman Page, bishop of Spokane, was elected president of the Synod of the Province of the Pacific Coast of the Episcopal church at yesterday afternoon's session of the fourth annual meeting of the synod.

Prizes for Winners

Prizes for the winners of events were given, as well as other donations. The sporting events consisted of a baseball game, horseshoe pitching, tug of war, foot races for both men and women, swimming race, volleyball games and basketball.

Scenes of Misery in Russ Famine District Depicted

By BESSIE BEATTY, Special Correspondent International News Service.

SAMARA, Sept. 8.—A block from the surging mass of traders that fill the market place in this part of Russia's famine district, scene of grotesque contrasts, a woman sat by the roadside, huddled over a lot of sacking. She turned her face to me; she was dumb with misery. She tried to speak but her voice was so faint I couldn't hear her.

Girl's Death in Fall Declared Accident

A verdict of "death due to accidental fall" was returned by the jury in the coroner's inquest of the death of Miss George Mason, cafe entertainer, who was killed when she fell from the window of her room in the Hotel Clay-Ten.

CHILDREN WASTED TO SHADOWS FILL RELIEF STATIONS

Four Hundred Russian Children in One Institution Built to Hold Sixty.

SAMARA, Russia, Sept. 8.—(Via Moscow and London, Sept. 9.)—Anna Haines of the American Society of Friends (Quakers), who has had much previous experience in arranging famine relief in Samara, told the International News Service today some outstanding facts of the misery now prevailing here, and of the headway made by the relief workers.

WASHINGTON GIRL ACCLAIMED MOST BEAUTIFUL IN U.S.

Miss Margaret Gorman Chosen by Popular Applause to At Atlantic City.

ATLANTIC CITY, N. J., Sept. 9.—Miss Margaret Gorman, of Washington, D. C., was acclaimed the most beautiful girl in the United States by more than 2000 persons who assembled on the steel pier last night to decide by popular applause the winner of the Golden Mermaid, the \$5000 trophy awarded in connection with Atlantic City's fall pageant.

He Wrote "The Miracle Man"

Efforts to shift credit from the real author of the great classic, "The Miracle Man," have failed. The world repudiated the exploitation that robs the author of his reward. The OAKLAND TRIBUNE, beginning Sunday, publishes Frank L. Packard's latest regeneration story of crook life. Read it in the Sunday Tribune

MILK

As cream, use Libby's Milk as it comes from the can. When recipe calls for milk, dilute Libby's Milk with an equal quantity of water.
